The Prohibitionists Will Go it Alone.

Opening of the Cold Water Convention at Cincinnati.

Bidwell the Favorite for the Presidential Nomination.

Said to Have Bolted the Chicago

low His Example. By Telegraph to The Times.

CINCINNATI, June 29.—[By the Associated Press.] The delegates to the Prohibition National Convention put in hard day's work, ending tonight after hree sessions. A permanent organiza tion has been effected, with Eli Ritter of Indiana, as presiding officer and Sam Small, the Georgia evangelist as secre tary, and tomorrow the convention will be ready to pass upon the platform and nominate candidates. In a general way tonight, Bidwell of California seems to have the lead for the Presidential nomination, while Demorest of New York is hardly as prominent as yesterday. Judge McCullough of Illinois gained a great deal of ground during the day. The proceedings before the Platform Committee show that there is a decided feeling in favor of Prohibitionists taking strong and advanced grounds on various public questions other than prohibition.

THE CONVENTION MEETS. The big Music Hall was gay with bunting, plants, flowers, temperance bunting, plants, flowers, temperance inscriptions and portraits of Washington, Lincoln, Necl Dow, and Frances Willard, when the Sixth National Convention of the Prohibition party was called to order by Chairman Dickie of the National Committee, this morning. The proceedings opened with the hymn, "America," by the organ, the audience rising and joining in singing. At the conclusion of the hymn, Dr. J. G. Evans of Hedding College, Illinois, offered prayer.

Rev. Dr. M. C. Lockwood of Cincinnet, becomed the delegates in behalf of the city and State, saying among other things that the organized labor of the country is beginning to appre-ciate the fact that the labor and saloon problems are inseparable; that labor could never rise while the saloon

sion to fusion with the People's party was loudly applauded. The speaker further declared that the delegates are here to make an unequivocal platform, and closed by naming ex-Gov. John P.

Wild cheering and the waving of flags and handkerchiefs greeted the mention of the famous Kansan's name, and was renewed as he stepped on the platform and assumed the gavel.

ST. JOHN'S SPEECH. Ex-Gov. St. John thanked the convention for the honor of being chosen to preside over the "the greatest, grand st convention in sobriety, moral and brain power ever convened on American soil," and continued:

and brain power ever convened on American soil," and continued:

It represents the party that dares to do right because it is right, to condemn wrong because it is wrong. It stands for peace, prosperity and happiness to every home and death to every saloon in the land. It demands for woman equal pay in the shop and equal say at the polls; a fair bailot for the white men of Pennsylvania and Delaware as well as for the black man of Mississippi and South Carolina; that North and South, East and West, rich and poor, shall have protection to their lives and property; that the expenses of the Government be levied on the wealth instead of the necessities of the people. We claim that any system which imposes a high tariff on the food, fuel and clothing of the poor and lets the diamonds of the rich come in free, legalizes robbery under the guise of protection and ought to be forever abolished; that all money should be issued by the Government: every dollar of which whether of gold, silver, or paper, should stand upon an equality before the law for all purposes; that the coinage of both metals be free.

The speaker continued, urging Government owners in order the systems of references to the continued of the continued of

als be free.

The speaker continued, urging Government ownership of railway and telegraph lines, the election of President, Vice-Presidents and Senators by direct vote; the extension of the Presidential term to six years with no successive term, and the suppression of mon

GETTING TO WORK The temporary rules provided that only the delegates present should vote. It was argued that this would disfranchise distant States, and after a sharpfight the rules were amended to allow

ization, the convention took a recess titled 4 p.m.

Among the members of the Platform Committee are the following: California, Dr. R. H. McDonaid; Idaho, H. H. Clark; Montana, J. C. Templeton; Nevada, Thomas Magill; Oregon, E. Bailey; Washington, D. C. Strung; Wyoming, D. W. Garrigue.

The new National Committee, which immediately reflected Samuel Dickie as immediately reflected Samuel Dickie as immediately reflected Samuel Dickie as incompleted in the wasted something besides free sliver and were stuck on the sub-treasury for and were stuck on the sub-treasury scheme.

Word was received in Omaha today intimating that Senator Stewart of Nevada has written a letter absolutely bottom the Republican party. It is also said that Jones will do likewise, and as a consequence Stewart's boom received an impetus. Still the Weaver is entering the trotting horses.

chairman, is in part as follows: California, Chauncey H. Dunn, Jesse Yarbell, W. Thomas Smith: Montana, E. M. Gordon; Nevada, E. W. Taylor, Oregon, Mrs. N. S. Dygert, I. H. Amos; Washington, E. B. Sutton, D. G. Strong; Wyoming, O. S. Jackson, Martin J. Waage.

The committees worked during the committees worked during the committees worked during the committees worked during the silver State and throwing the election into the House. Troyer of Washington, Funk of Oregon, and Brown of California, are all Weaver

braska Farmers' Alliance, has formulated a tariff plank for the platform which he expects the Nebraska delegation will introduce.

St. Louis, June 29.—Chairman Taubeneck said tonight before leaving for Omaha that the platform adopted there would be the same as at the industrial conference at St. Louis, together with

conference at St. Louis, together with a denunciation of the force bill and dea denunciation of the force bill and de-claring for the Australian system of voting, for a free vote and fair count. Woman suffrage and prohibition would not figure in that platform. It would declare for the free and unlimited coinage of silver. Taube-neck thought Gresham would be the nominee, provided he could be induced to accept with a strong man from the South for Vice President. If Gresham south for Vice President. If Gresham is nominated Arkansas, Colorado, Monis nominated Arkansas, Colorado, Mon-tana, Washington and California will be carried for him with the probabilities of carrying Texas, Kentucky, Ohio and Pennsylvania. Many promises of sup-port are also received conditioned upon his nomination.

Iowa Republican Convention.

DES MOINES (Iowa,) June 29.—The Republican State called to order by E. E. Mack, chair man of the State Central Committee R. E. Huff of Muscatine was chosen temporary chairman. He made a speech eulogizing the Republican party and denouncing the Democrats, and was loudly applanded. After the appointment of committees recess was taken.

A committee from the State Temper-ance Alliance appeared before the Com-mittee on Resolutions and demanded that the previous declaration on the temperance question be inserted in the On reassembling Senator A. L. Hager

of Adair county was made permanent chairman. He delivered an address on national issues.

After the selection of electors-at-

large the platform was presented and adopted. It indorses the nomination of Harrison and Reid and the Republican national platform. A minority report was presented on the prohibition question and a substitute moved to it, but tion and a substitute moved to it, but both were finally tabled. The convention then adjourned.

New York Republican League ROCHESTER (N. Y..) June 29.—The Republican State League reconvened today. Resolutions were adopted indorsing Harrison's administration, ratifying the national platform. High wages and protection were declared the basis of national prosperity. America was declared to be for Americans. Reciprocity was announced as the fundamental principle of Republicanism.

It was insisted that the Government's promise to pay and the coin on which the promise is stamped shall each be worth 100 cents on the dollar. Southern outrages on negroes were de-nounced. The Nicaragua canal was commended, and the nomination of Reid was warmly Indorsed. Col. E. A. McAlpin was redlected president. Ex-President Cleveland's Neighbors Pay Him a Friendly Visit.

Carter Cannot Serve. WASHINGTON, June 29 .- Hon, Thomas the Associated Press. The villagers of Buzzards Bay and Bourne went over to H. Carter, Commissioner of the General Land Office, has found that his official Gray Gables en masse this evening duties and private business will not permit him to serve as secretary of the Re house to his neighbors. At 6 o'clock publican Committee, and he will accordingly resign the position at the first meeting of the Executive Committee. the visitors began to arrive. The ex-President and wife received them in

> New York, June 29.—The David B. Hill Club met tonight and ratified the nomination of Cleveland and Stevensor and pledged its support.

COLLEGE COMMENCEMENTS.

Los Angeles Young Man Carries Off a Prize at Yale. New Haven (Ct.,) June 29.—[By the Associated Press.] The graduating ex-ercises of the senior class of the academic department of Yale took place this morning. After the exercises there was the usual alumni dinner. Judge Henry Howland of New York was elected to fill the vacancy in the Yale corporation, caused by the resignation of William Walter Phelps. The winner of the De Forrest medal for prize speakfered in political thought, "but," he said, "this detracts nothing from our good citizenship, provided our political ideas and beliefs are based upon deliberate, conscientious and patriotic reflection. It may be that we wouldn't be so widely apart if we understood each other better. At any rate, I'm happy

ing, held here this morning, is J. D. Hutchins of Los Angeles, Cal.

Bosrox, June 29.—Commencement day at Harvard was carried out with time-honored observances. At the alumni dinner some hundreds were present representing nearly every class. ent, representing nearly every class from 1822 to 1892. Horace Davis of San Francisco was elected president of the Alymni Association. San Rus Cisco, June 29.—The twenty-third commencement of the University

of California was celebrated at Berke or Cantornia was celebrated at berke-ley today. Forty-one young men and sixteen young women were given di-plomas. Three young women and one man received degrees for post-graduate work. Gov. Markham attended the ex-ercises and presented military commissions to the graduating officers of the battalion of University cadets.

Killed by a Railway Wreek.
LITTLE ROCK (Ark.,) June 29.—The southbound passenger train on the Cotton Belt collided with a freight at Cotton Belt collided with a freight at Altheimer today. Engineer McNeill, of the passenger, was instantly killed; Engineer Norris, of the freight, and both firemen are fatally injured. Of the passengers, Mrs. J. Lester of Helena, Ark.; S. B. Morrows of Tucker. Ark.; Mrs. W. Morris and daughter of Helena, Ark., were killed. Mrs. S. D. Morris and a child of Mrs. Lester were fatally, injured. Several other passen.

Sale of Prince Warwick.
CLEVELAND (O.,) June 29.—Henry CLEVELAND (O.,) June 29.—Henry Splan today sold Prince Warwick to Dan McPhee, a former American horse trainer, for an Austrian nobleman who is entering the business of breeding trotting horses.

The fears that the disease would invade European Russia have been realized. Already several hundred cases are reported this side of the frontier. Inhabitants and troops in towns along the frontier are panic-stricken. The wealthier classes are seeeking safety in ball if necessary.

Gladstone's Journey to Scotland a

Venezuelan Rebels Preparing to Attack the Capital.

Grand Ovation.

Russia Putting Forth Every Effort to Stay the Spread of Cholera-British Mer-chants Urging Tariff Retaliation-Foreign Notes.

London, June 29.-[By Cable and Associated Press.] Stanley had another warm time today addressing a meeting at Lambeth. The proceedings were marked by most uproarious conduct on the part of a number of those present who were decidedly hostile to Stanley. They were continually interrupting him with irritating queries. In response to Stanley's denunciation of anarchy, etc., came the query, "How many niggers did vou kill?

The meeting at length terminated with a scene of the greatest confusion. Wild cheers for Gladstone was one of the features of the meeting.

GLADSTONE PARES BETTER. The Earl of Rosebery met Gladstone nd party upon their arrival in Edinburgh tonight. The route to Dalmeny Park the Earl's county seat, where Gladstone is a guest, was lined with eathusiastic crowds, and the progress from the station to the park was one long ovation. Addresses were presented to Gladstone at various stations en route to Edinburgh. To each of these testimonials Gladstone replied with a brief address, which he delivered from the window of the carriage in which he was traveling. Crowds of admirers who thronged about the stations received his remarks with rapturous applause, and in every in-stance Gladstone was heartly cheered until the train rolled from the depot.

BRITISH COMMERCIAL CONGRESS roposed Retaliation Against the Work-

Ings of the McKinley Act.
LONDON, June 29.—[By Cable and the
Associated Press.] Among the imporant resolutions to be discussed by the chambers of commerce congress are the following: The Winnipeg (Manicoba) Board of Trade will move:

That in the opinion of this congress the time has come or is close at hand when the time has come or is close at hand when the people of Great Britain can with confidence look to the colonies and dependencies of the empire for that portion of their breadstuff which they find it necessary to import from year to year. The rapid development of the grain production of India, Canada and Australia during the past ten years clearly indicates that these countries will soon have annually an export surplus of clearly indicates that these countries win soon have annually an export surplus of grain in excess of the annual import de-mand of Great Britain, and it will be alto-gether unnecessary for the latter to look for supplies to foreign countries, especially those whose tariff laws are so framed as to strike especially at the trade interests of Great Britain and the British colonies.

Great Britain and the British colonies.

That this congress sees the best methodof securing this end by a system of tariff in
the mother country, discriminating against
grain and other food products of foreign
nations and in favor of like imports from
the colonies and dependencies, and in similar action by the colonies and dependencies in favor of the mother country's manfactured products. The congress favorsuch action in the belief that its enactment
would act as a check upon the national selsuch action in the belief that its enactment would act as a check upon the national sel-fishness which at the present time seems to inspire nations in framing their cariff laws, and that its enforcement would in a compar-atively few years practically force the great nations of the world into a much freer system of trade intercourse than now exists between them.

Similar resolutions, favoring tariff retaliation against the United States, were presented by the Chambers of Commerce of Montreal, Toronto and Regina, N. W. T. The Chamber of legina, N. W. T. The Chamber of commerce of Trinidad, British West Indies, declares the McKinley law favor-able to the West Indies and says that the general feeling is that every rea-sonable effort should be made to retain the United States market as the best yet found for the principle staple of sugar. Delegates of the Regina Board of Trade will refer the following:

sugar. Delegates of the Regina Board of Trade will refer the following:
Resolved, that the Board of Trade of Regina, N. W. T., Canada, would heartily favor the extension of trade upon the preferential basis throughout all parts of the British Empire, and believe it would be of the highest collective and individual advantage. Further, that the provisions of any foreign treaty, imposing limitations upon the full development of trade between Canada and other parts of the British Empire, should be at once abrogated. In advocating the above we wish it understood that, while we desire free trade with the British Empire, we have no desire to interfere, either now or at any time, with the fiscal or political liberty at present enjoyed by the self-governing colonies, and we believe if such a schene could be a just retailation to the United States for the recent legislation affecting the trade relations of Creat Britain and Canada with the United States.

to stamp out the scourge. At Dzisak, Turkestan, there were 130 deaths in four days. The epidemic prevails in a more virulent form at Kaahka in the transcaspian territory. Brandy, sugar and tea are daily distributed to the troops. The fears that the disease would in-

The committees worked during recess. The Platform Committee selected Judge James Black of Pennsylvania as chairman. A sub-committee of five to formulate a platform and refer the same to the full committee for action was chosen. Mr. Parsons of New Jersey moved to instruct the sub-committee to make the platform for the sub-committee. Parsons spoke in favor of standing by prohibition and leaving other issues alone. The motion was overwhelmingly defeated.

The Committee of Dalack of Oregon, and Brown of California, are all Weaver men, and their delegations are behind them. B. C. Edwards, delegate at large from Illinois, declares that his delegation will support Gresham, and after Gresham, Weaver.

Dr. C. W. Lane of Oakland, Cal., is here holding two proxies from the First California Captress District, and on one of them will present the name of S. F. Norton of Chicago for first place. George H. Gibson, editor of the Nebraska Farmers' Alliance, has formulated a tariff plank for the platform which he expects the Nebraska delegation will introduce.

feated.

The Committee on Rules and Permanent Organization, after a lively discussion, decided to recommend that only delegates actually present be allowed to vote in the convention. The honors of the permanent organization were hotly contested. The first ballot for the permanent chairmanship gave E. Ritter of Indianapolis 18 votes. A. A. Stevens of Pennsylvania 11, the re-Ritter of indianapolis 18 votes. A. A. Stevens of Pennsylvania 11, the remainder scattering. On the second ballot Ritter re cived 24 votes and was elected. Rev. Samuel Small of Georgia was elected permanent secretary.

Soon after 4 o'clock the convention reassembled. After prayer and the introduction of old Prohibition leaders, the Compiltee on Permanent Organization. troduction of old Prohibition leaders, the Committee on Permanent Organization reported. The rule giving States votes only for delegates present was the signal for a fight. Rev. Samuel Smell presented a minority report, which he earnestly advocated in a speech. David Morgan of Minnesota opposed the minority report. The discussion lasted nearly an hour and the the minority report was finally defeated and the majority report adopted.

and the majority report adopted. The convention then adjourned till p.m. At the evening session Col. Ritter of At the evening session Col. Ritter of Indiana was installed as permanent chairman. In his speech he attacked the Republican and Democratic parties

full committee without recommenda

The following National Executive Committee was elected: Chairman, Dickie; vice-chairman, John P. St. John

Kansas; secretary, F. C. Wardsell, Nev

York; treasurer, Samuel D. Hastings Wisconsin; Helen Gougar, Indiana; J

H. Tate, Tennessee; A. A. Stevens Pennsylvania. Notwithstanding the gossip tha headquarters would be changed to Chi

cago, the committee again chose New York for another four years.

OPEN HOUSE AT GRAY GABLES.

BUZZARDS BAY (Mass.,) June 29 .- [By

when ex-President Cleveland held open

Chamberlain, at the head of the group,

Cleveland that there were no wishes Cleveland that there were no wishes more hearty for his success than those of his neighbors in Bourne.

Mr. Cleveland replied briefly, expressing deep gratification at the kind wishes, saying that he deemed the re-

spect of his fellow-citizens, trust of his

friends and affectionate esteem of his

rriends and affectionate esteem of his neighbors as among the dearest things of life, and he believed no honors can furnish personal gratification except such as are based upon these sentiments. He was aware that many of them dif-

addressed a few words of neighborl greeting expressing the thanks of the company for Cleveland's invitation to call. He said they also desired to ex-tend congratulations and assure Mr.

for their attitude on the liquor question. His remark that the old parties were his remain and the out parties were keeping up a fend thirty years old, and that he wanted fo shake hands with the South, was greeted with great applause. Col. Ritter's address was received with a favor that was suggestive of Ritter for President.

for President.

Mrs. Gongar addressed the convention. A telegram from the Denver Prohibition League, asking for an unconditional plank favoring the free and unlimited coinage of gold and silver, was read, and the convention adjourned until tomorrow.

Michigan has decided to put John Russell in nomination for the Presidency, and New York is still considering the question of nominating H. Clay ing the question of nominating H. Clay ing the question of nominating H. Clay Bascombe. The opposition to Bidwell hoped to prevent his nomination on first ballot and leave the way open for anybody but Bidwel or Demorest.

The Platform, lemmittee was in session at midright. A silver plank will be embodied, but it will be reported to the full committee without recommends.

Prof. Dickie responded in behalf of the delegates and said Prohibitionists the delegates and said Probibitionists knew precisely what they are here for and exactly where they were going. There was no danger of any obstacle diverting them from their relentless purpose. "We are here," he added, "to put candidates in nomination and keep them in the field until the polls are closed next November." This allusion to fixing highly the People's natural property of the property

St. John as temporary chairman.

He continued.

The legalized liquor traffic for beverage purposes is the greatest monopoly that ever existed. It destroyers 150,000 lives and costs \$1,500,000,000 annually. It sends misery, poverty, crime and heart-ache broadcast among the people. It is a product of Democratic and Republican rule, a damning blot upon civilization, a sin against god, and ought to be a crime against numanity and driven from the face of the earth. The Probibition party is the only party that dares to fight this mightlest curse of the world. Here we are and we have come to stay. From this hour let "No fusion! No deals! No compromise!" be our motto. Let our platform be so broad, just, clear and comprehensive that all who love God or home or country-an join the procession now ready to move on to victory.

The speech was frequently interrupted by eathwisiastic appliause.

rately to Mr. Cleveland and his wife. About 300 people in all called. THE THIRD PARTY.

other better. At any rate, I'm happy in the belief that you don't suspect me any more than I do you of any desire to injure the interests of the people or

The visitors were introduced sepa-

ONAHA (Neb.,) June 29.—[By the Associated Press.] The advance guard of the Southern delegates to the Independent National Convention arrived today.

D. Irwin editor of the Southern Alliance Farmer, said that the sentiment in the South was for a Western man as nominee, and Georgia suggested Congressman Tom Winn for secondiplace, or C. Hellington, a farmer. Georgia, the delegates present to cast the full vote of their States. The roll of States was called and names of members of the standing committees announced. Pending reports from the Committees, on Credentials and Permanent Organization, the convention took a recess they wanted something besides free siller or an announced to the new party. C. C. Post, chairman of the Georgia Aramer. Georgia, the said, would undoubtedly elect an independent State ticket and give her convenience of the Georgia and the said, would undoubtedly elect an independent State ticket and give her convenience of the convenience of ne said, would indoducedly elect an in-dependent State ticket and give her electoral vote to the new party. C. C. Post, chairman of the Georgia State Committee, favored a Western man, but did not want Stewart or Adams, as

THE COURTS.

Charles Pinard Given Three Years in San Quentin.

His Wife and Mother-in-law in Cour to See Him Sentenced.

Another Heavy Damage Suit Against a Railroad on Trial.

A Little Girl Wants \$60,000 for Beln Permanently Crippled-The Whitta-ker-Lombard Suit Decided-

Charles Pinard, who enjoys the unenvi-able distinction of being the first man to be convicted under the new statute of March, 1891, entitled "An act to prevent the placing or keeping or leaving of married women in houses of prostitution, etc.," appeared before Judge Smith in Department One to receive Although a great deal of interest had

been manifested in the case when it was on trial, there was not a very large crowd present to witness the closing scene, but this was probably due to the fact that but few people can get away during the morning hours. Among the spectators were the complainant, Mrs. Stewart, both of whom evinced a lively interest in the proceedings.

When the case was called by Judge

Smith the defendant's counsel, Calvin Edgerton, Esq., moved the Court that the verdict rendered therein on June 22 last in that court be set aside and a new trial be granted the defendant upon the following grounds:

upon the following grounds:

First—That said verdict is against the law and the evidence in said case.

Second—That the District Attorney in his closing argument to the jury made an assertion of fact not in evidence, to wit: "We did not offer the letters, because we have not got them."

This motion upon being submitted was by the Court denied, and Judge Smith thereupon ordered the defendant to stand up.

to stand up.

In response to the customary question as to whether or not he knew of any just cause or impediment why sentence should not be passed upon him, Pinard briefly, but earnestly, addressed the Court on his own behalf, to the effect that he was not to blame for his wife's return to Maud Cameron's house of prostitution, as she went there of her own valition although it had been exown volition, although it had been expressly understood when he married her that she would leave the place and lead a decent life. She and her mother, however, had put up a job on him out of spite, because he left her and went or spite, because he left her and went to sea a short time ago. He asked the Court to be as lenient as possible with him on account of his family, who were respectable people, back East, by whom the disgrace of his conviction would be

keenly felt. In passing sentence upon the defendant, Judge Smith said:

ant, Judge Smith said:

Charles Pinard, nothing you can say will avail you now, for after a fair and impartial trial by a jury of your peers, you have been convicted of a crime against the morals of the community, and it only remains for me to carry out the relentless provisions of the law you have violated. Your present condition is nothing but the natural consequence of your own acts. If a woman leaves her husband and deliberately enters a house of prostitution of her own free will, in spite of his remonstrances, and the husband finding his efforts unavailing, abandons her to her inevitable fate, and goes about his own business. I am of the opinion that the husband's tacit acquiescence would not constitute a violation of the statute under which you were convicted. But you did not do this, and your admission to having written at least six letters to your wife demanding money from her leaves no particle of death as to your guilt.

not do this, and your alminssion to having written at least six letters to your wife demanding money from her leaves no particle of doubt as to your guilt. If you look back upon your life for the past few years you will find very little in it worthy of approbation. You deliberately turned your back upon your father and mother and your family for a downward course, of which your present position is the logical result. You made your bed with the dissolute and must abide the consequences. You are still a young man, 28 years of age, and there is yet time for you to correct your evil propensities. Charles Pinard, the Court, taking into consideration your youth and the circumstances surrounding the case, will inflict the minimum penalty provided, and it is therefore ordered, adjudged and decreed that you be imprisoned in the State prison at San Quentin for the term of three years.

Pinard, who exhibited a good deal of

sinking wearily into the nearest chair, struggled desperately to restrain him-self from crying.

ANOTHER HEAVY SUIT FOR DAMAGES. The trial of the case of Georgia Belle Van Steenberg, by her guardian ad litem, dale Railway Company, an action to recover \$60,000 damages, alleged to have been sustained by reason of the negligence of defendant's employes, was commenced before Judge McKinle and a jury in Department Six yester-day, Messrs. Moye Wicks, Wilson and Lamme appearing for the Plaintiff and Messrs. Burnett and Gibbon represent-

Messrs. Burnett and Gibbon representing the defendant.

The jurors selected to try the case were: J. J. Adams, R. J. Bayley, J. S. Bennett, W. F. Brigham, J. Langdon, J. M. Mitchell, D. D. Morton, O. E. Roberts, J. K. Swanfelt, U. S. G. Tedd and R. E. Wirsching.

The plaintiff, a bright little girl, thirteen years of age, is well known in

thirteen years of age, is well known in this city, she having for some time past eked out a precarious living by selling flowers to tourists at the leading hotels

flowers to tourists at the leading hotels and restuarants, appeared in court on crutches, with her guardian an aunt, and her crippled condition appealed very strongly to the sympathies of the jury and spectators.

The complaint in the case alleged that about 11 o'clock on the morning of May 7, 1890, the plaintiff was walking along defendant's track and attempted to cross the defendant's bridge over the Arroyo Seco, which was generally used by the public, as, with the exception of another railroad bridge, half a mile distant, it was the only half a mile distant, it was the only means of crossing the arroyo on foot.
While she was on the bridge one of defendant's trains came along at the rate of twenty miles an hour without ringing a bell or blowing a whistle, and rounding a curve, which was hidden by a large sycamore tree, ran over her, cutting off a large part of both her feet, thereby crippling her for life. It is further alleged that the defendant was negligent, in that the machinery of the

FO

the plaintiff being a trespasser on de-fendant's right-of-way could not com-plain of any defects in its machinery. After some further evidence on benalf of plaintiff the matter went over until this morning. WANTS TO GO TO THE HOSPITAL

A. J. King, Esq., counsel for George S. Mullally of Pomona, who was recently convicted in the Recorder's Court of that city of a violation of the prohibition ordinance, presented a petition to Judge Smith asking that the place of imprisonment of his client be changed from the city prison of Pomona to the county hospital on account of the critical condition of his health. The petition alleges that Mullally had been critical condition of his health. The petition alleges that Mulaily had been sentenced to imprisonment for ten days and fined in the sum of \$150, with the alternative of seventy-five days imprisonment; that he was suffering from wounds received while in the United States Army, for which he was now receiving a pension: that he was now receiving a pension: that he was now receiving a pension: States Army, for which he was now receiving a pension; that he was now mursed by his mother, who could not attend to him were he in prison at Pomona; and that his condition was such that unless he received proper attention his life would be endangered. In support of this petition a certificate from Dr. Joseph Kurtz was filed, which was to the effect that he was Mullally's physician; that his patient was suffering from extreme varicose ulcers on his legs, which required very careful daily attendance, and if neglected would attendance, and if neglected would prove dangerous to his life, and that it was necessary for Mullally to visit him two or three time a week for surgical

treatment.

The Court being somewhat in doubt as to his power; in the premises, took the matter under advisement.

THE WHITT'AKER-LOMBARD SUIT. The trial of the case of J. H. Whit-taker vs. G. H. Lembard, was resumed before Judge Shaw and a jury in Depart. partment Five yesterday morning, when the plaintin moved the Court to

when the plaintin, moved the Court to set aside the judgment of non-suit ordered as to the defendant, W. W. Howard, on Tuesday afternoon, but the motion was denied.

The case was then argued and submitted, but the jury, ching upon the instructions of the Court, returned a verdict for the defendant, whereupon it was ordered that after the payment of the cost incurred the haplance of the money deposited in court he paid to the money deposited in court he paid to the plaintiff.

Court Notes.

Suit was commenced in the United States Circuit Court late of Monday afternoon, by John I. Redick and John F. Coad of Omaha, Neb., to eject. B. C. Wright from 1531.07 acres of Land in the Sausal Redondo Rancho in this county, and to recover \$3000 damages for the illegal detention thereof and

300 rent.
Judge Smith yesterday morning granted W. W. Holcomb, Esq., counsel for Charles D. Davis, the pickpocket, until Saturday next in which to his bill of exceptions on motion

his bill of exceptions on motion for a new trial.

A writ of habeas corpus, returnable this morning, was issued by Judge Smith yesterday upon application of Messrs. Munday and Bledsoe, attorneys for Manuel F. Rodriguera, directing the Sheriff to produce that person, it being claimed that he is illegally detained.

Judge Clark and a jury in Department Two were engaged in listening to the testimony in the case of Miss Sallie D. Stephenson vs. the Southern Pacific Stephenson vs. the Southern Pacific Company all yesterday. At the close of plaintiff's testimony the defendant moved the court for judgment of nonmoved the court for judgment of non-suit, but the motion was denied and the defense thereupon proceeded to in-troduce its evidence. The case will be resumed again this morning. Pursuant to a stipulation filed therein, JudgeWade yesterday ordered judgment of dismissal in the case of the people, te. vs. the city of Los Angeles an

etc., vs. the city of Los Angeles, an action to declare the land upon which Mrs. Bigelow erected an engine house to be part of the public plaza, the mat-ter having been amicably settled. Judge Wade denied the plaintiff's

motion for a judgment of non-suit on the defendant's cross complaint in the case of Dan Freeman vs. Miss Allie Kiefer yesterday morning, and the court and jury were occupied all day in listening to the testimony for the plaintiff, six witnesses being examined. The matter will be resumed this morn-

ing.
Judge Van Dyke tried the case of
Antoinette Guillier vs. Clemence de la
Baere, an action to recover \$2092, interest thereon from Aril 1, lison, Secy.

BUSINESS.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE TIMES,
LOS ANGELES June 29, 1892.

In reviewing the condition of trade
throughout the country the New York
Journal of Finance publishes the following:

The volume of trade, as tested by the bank
clearings in New York city for the month
of May, is about \$500,000,000 below that
of 1890, while it exceeds by \$80,000,000 of 1890, while it exceeds by \$80,000,000 the figures of 1891. In the cities throughout the country, outside of New York, very little variation from these figures appears, the totals in 1890 and 1892 being not far apart, while as compared with 1891 the finerease of clearings is represented by less than \$60,000,000. Looking over the gures of particular sections, the improvement is shown to be fairly distributed among all sections of the North, this side of the Rocky Mountains, while a stagnant condition is shown in the Pacific States and throughout the South. In the New England States the increased amount of clearings as compared with 1891 is about 6 per cent. in the Middle States about 10; in the Middle Western States about 10; in the Middle Western States about the same and in the section between the Mississippi and the Rocky Mountains the ratio runs slightly before the same substity. of 1890, while it exceeds by \$80,000,000 Western States about the same and in the section between the Mississippi and the section bountains the ratio runs slightly higher. In the Pacific section a slight falling off in amount is shown, while in the South the gains and losses about valance, though signs of prosperity and adversity are to be noted in different sections. In the last named section, that of New Orleans and the Texas towns the volume ranges much lower than last year, while at St. Lou's, Louisville, Memphis and other cities of the upper and middle South a considerable increase is shown. This is doubtless due to the condition of the cotton market, where prices are low and the markets of Europe well stocked. Toward the Pacific the same characteristic is exhibited, the line of the Northeru Pacific marking the area of depressed trade, while at Portland and at the terminal points of the Atchison system a much better prospect is shown. Salt Lake is making quite a phenominal showing, its figures for the month exceeding those of any city of the Union in the rate of increase, the volume being one-half greater than last year. Los Angeles also more than maintains its average of increase since the first of the year. As a rule the aggregate of transactions from the beginning of January are reflected by the figures of the past month, both as regards sections of the South and of the Pacific, in the latter section losses appearing at the morthern and central coast and gains near the Mexicanfline and in the interior."

SAN FRANCISCO MARKETS

SAN FRANCISCO, June 29.—[Special to THE TIMES.] The fruit market was fairly active this morning and prices for most varieties of summer fruit were steady.

varieties of summer fruit were steady. Apricots are in good supply, but firm at top quotations, owing to some inquiry for shipping purposes. Supplies of peaches continue moderate and prices are firm. Berries of all kinds continue to sell slowly, but quotations are steady. Red currants are scarce and firm in value.

There is no improvement in the market for citrus fruits and prices are shaped to suit the buyer.

The market for dairy produce is in much the same condition. Butter continues to come in freely and the market is in over-supply. Dealers are loth to make lower quotations, but indulge in shading prices to effect sales.

The vegetable market is only fairly active.

Produce. Produce.

1 CIRCULAR ORDER.

HEADQUARTERS OF GRAND MARSHAL, Los ANGELES, June 28, 1892.

The parade will form on South Main street, south of Fourth street, at 9 o'clock a.m., and will move promptly at 10 o'clock a.m.

ROUTE OF MARCH.

The line will move north on Main street, around the Plaza, south on Main street, and Spring street to Fifth street, west on Fifth street to Broadway street, north on Broadway street to City Hall, where the parade will be dis-

missed.

All organizations, manufacturers and commercial displays, participating in the parade, will report to their respective Chiefs of Division on arriving at the place of formation, whereupon they will be assigned to their place in line, and Chiefs of Divisions will report to the Chief of Staff immediately after the formamation of their respective divisions.

The parade will be reviewed by the Mayor and Grand Marshal at the City Hall.

The Chiefs of each division will fall out at the reviewing point and remain with the Grand Marshal until the review is over, when they will rejoin their command.

FORMATION OF PROCESSION.

FRED L. BAKER, Secretary.

Stockholders' Meeting.

Summons.

IN THE SUPERIOR COURT OF THE Toonsty of Los angeles state Norton flornia.

Paul Kern, plaintiff, vs. Samuel Norton and Anna Norton defendants.

The people of the State of California send greeting to Samuel Norton and Anna Norton, his wife, defendants,

and Anna Norton. defendants.

The people of the State of California send greeting to Samuel Norton and Anna Norton ton, his wife. defendants.

You are hereby required to appear in an action brought against you by the above-named plaintiff in the superior court of the county of Los Angeles. State of California. and answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons, if served on you in this county; or, if served elsewhere, within thirty. The said action is brought to recover judgment against the said defendants Samuel Norton and Anna Norton, upon a promissory note for the sum of three thou sand dollars principal, with interest thereon from October 30, A. D. 1891, at the rate of ten and one half per cent. per anaum. compounded quarterly, and for the further sum of this with the said promissory note was excuted by the said defendants Samuel Norton and Anna Norton to the plaintiff on the 30th day of October, 1890, the plaintiff on the 30th day of October, 1890, to secure the payment of the said red court for the forefounded the processed applied to the payment of the said mortage may be sold and the proceeds applied to the payment of the principal and interest of said promissory note and the actorney's fees and costs; that the premises described in said mortage in any be sold and the proceeds applied to the payment of the principal and interest of said promissory note and attorney's fees and costs, and in case such proceeds are not stufficient to pay the same, then to obtain an execution against the said samuel Norton and Anna Norton on the said subtract of said promissory note and interest of said promissory note and stoney's fees and costs; that the premises described in said mortage may be sold and the proceeds applied to the payment of the principal and interest of said promisory note and interest of said promisory note and stoney's fees and costs; that the premise described in said mortage may be sold and the scale of said samuel Norto

Proposals for School Bonds. Proposals for School Bonds.

OFFICE OF THE BOARD OF SUPERVISors of Los Angeles county, California
sealed proposals for the purchase of
school bonds in the amount of five thousand
dollars (\$300) or any portion thereof, of
Ocean school district, Los Angeles county,
Cal., will be received by the board of supervisors of Los Angeles county, Cal., dutil two
o'clock p.m. of the 5th day of July 1892.
Each of said bonds bearing interest at the
rate of eight (8) per cent, per annum, payable annually at the office of the treasurer of
Los Angeles county.

rate of eight (8) per cent per annum, payable annually at the office of the treasurer of
Los Angeles county.
Said bonds being ten (10) in number, of
five hundred dollars (5500) each, numbered

them. Herman W. Hellman.

Los Angeles, Cal., June 26, 1892.

Stockholders Mieeting.

Orice Is Herrery GIVEN That A
meeting of the stockholders of the Main street, in the city of Los Angeles, on Tuesday, the eth day of July, A.D.
is for the purpose of electing a board of
directors for the ensuing year. The polls
will be opened at 18 o'clock m., and closed at 18
o'clock p.m.

Los Angeles, Cal., June 26, 1892. BANKS

5. Per Cent. Interest Paid on Deposits.

MAIN STREET SAVINGS BANK and TRUST COMPANY

CAPITAL, 1 1 \$200,000.

426 South Main Street, Los Angeles, Cal.

THE DESIGN of this institution is to afford a safe depository for the earnings of a persons who are desirous of placing their money where it will be free from accident and at the same time be earning for them a fair rate of interest. Deposits will be received in sums from \$1\$ to \$5000. Working men and women should deposit at least \$1\$ per week from their wages. This will form a nucleus that will ultimately enable to you to purchase a home or begin business. Children can purchase 5-cent stamps in all parts of the city and county. It is the best education you can have in saving and caring for money.

Five per cent. Intorest Paid on Deposits

To the fact that this bank has the largest paid-up capital and surplus combined of any savings bank in Southern California, and only loans money on approved real-estate security, that among its stockholders are some of the oldest and most responsible citizens of the community, that under the State law the private estates of its stockholders are, pro rata, itable for the total indebtedness of the bank. These facts, with care exercised in making loans, insure a safe depository for saving accounts. School teachers, clerks, mechanics, employees in factories and shops, laborers, etc., will find it convenient to make deposits in small amounts. CHILDREN'S SAVINGS DEPOSITS received in sams of 5 cents and upward. Remittances may be sent by draft or Wells, Pargo & Co. 9 Express.

CARPENTER IN RUSSIA.

THE TIMES will begin the publication in July of a series of travel letters from Russla by Frank G. Carpenter. These letters will give the best view of Russia

and its institutions that has yet been pre-sented to the people of the United States.

Cabinet Ministers at Washington to the

noted oficials of Russia and from the

ecret service of the Treasury Department

to the heads of the chiefs of police, and the probability is that everything in the country will be thrown open to him. Armed with a camera he will travel for thousands

of miles through some of the most inter-

esting regions of the Czar, will visit the

famine districts, sall down the Volga and will probably spend some time at Nijni Novgorod, where the famous Russian fair is held, and where \$100,000,000 changes

hands every year. St. Petersburg and

Moscow will be visited and the life of the

people will be described. After some months in Russia Mr. Carpenter will visit other parts of the continent, devoting him-self to the writing up of such subjects and

men as are especially interesting to American readers, and sparing neither

time, money, labor nor influence to get the

best of foreign information for us. It is safe to predict that this series of letter will be interesting in the extreme, and the

will surpass, if anything, the writer's travel matter in the past. It will be re-membered that he has traveled more

widely, perhaps, and more successfully than

any other correspondent in the United States. Four years ago he made a year's

States. Four years ago he made a year's tour around the world, during which he had long interviews with the King of

Korea, Li Hung Chang, the Viceroy of China; the King of Greece, the Khediye of

Egypt, the Sultan of Jahore, and other famed Oriental potentates, and last year he spent the spring in Mexico, where he had a long interview with President Diaz

in the National Palace, and gave an entirely

new view of the country and its people

mew view of the country and its people.

Mr. Carpenter's letters are practical common sense letters. He believes in describing things as they are and he knows just what the people want to read, and is able to tell it in an interesting way. He be-

lieves that the letters he will send us from

Russia will be the best that he has ever written, and he says he has no doubt bu

that he will be able to get through some of the least known parts of this most inter-esting land. He is at this writing in

Russia and is probably making his way to

day among the starving peasants of the

More About County Division.

other representative organization en

ters into a conference with a committee

epresenting the prospective Pomona

county, we suggest that they propose

a little carving on our own account

We are not bound to passively concur

in every subdivision scheme that is

broached by people on the outskirts, let them take their slice and then keep

It appears to us as feasible to outline

the boundaries of Los Angeles county

as follows: Beginning on the north-

west at a point twelve or fifteen miles

north of Santa Monica Bay, where the

Ventura county line makes a sharp

elbow, running thence in a straight

line due east to a point in the Sierra

Madre range north of the San José

Hills, thence due south, between Glen-

dora and San Dimas to the Orange

county line, and thence southwest to

he ocean. This would give us Santa

Monica, the Soldiers' Home and Monte

Altadena and the range of foothill towns to and including Glendora and

Alosta. It would include within ou

boundaries the whole of the San Ga-

briel and Los Angeles Valleys. It would exclude on the north

a large, sparsely settled, partly

mountainous country, the oil produc

ing section about Newhall and Antelope

Valley. That section might be or

ganized as a separate county or it might

be attached to and become a part of

Ventura county to which it is contig

nous. We should insist on including the

whole of the San Gabriel Valley on the

east because it is naturally tributary to

Los. Angeles. The people of Glendora

at the head of the yalley are especially

desirous to remain with Los Angele

and were among the strongest oppo

nents to the former division project

If the proposed new county of Po

mona were obliged to be content with

the territory carved from Los Angeles

county on the east, it would be rather

small, as such subdivisions go in this

State, but the probabilities all point

to the cutting up of San Bernardino

county in the near future, and no doubt

a strip of this territory would be allot-

ted to Pomona, thus making a county

strongly upon these lines or a close ap-

They should, of right, remain.

Glendale, Cañada, Pasadena,

all that is left.

Protection to American industries! American commerce and honest money! Security to American homes! A free ballot and a fair count!

MATIONAL REPUBLICAN NOMINATIONS,

For President, BENJ. HARRISON of Indiana For Vice-President, WHITELAW REID.....of New York.

JOHN W. FOSTER of Indiana is the new Secretary of State.

A CRICAGO paper refers to the recent the rainy season in California. Well,

It is now reported that no less than twenty Caucasian Sunday-school teachers of Brooklyn alone have married Chi nese washee men. Queer sort of girls they must have in Brooklyn.

THE New York Sun was not friendly o Cleveland, but a couple of days be fore the nomination it guessed that he would obtain 616 votes on the first ballot. He received 617. Good guessing

THE Astrakhan, or black-tailed, sheep recently imported from Persia by the Department of Agriculture with the lea of domesticating them on Catalina Island, are to be exhibited at the World's Fair next summer, if they become acclimated.

Two deaths have recently occurred in Oakland under Christian Science malpractice. A thorough spirit of indignation against this fad is arising all over the State, and there is little doubt that. at the next session of the Legislature stringent laws will be enacted to meet the peculiar case.

THE pupils of the San Diego High school propose to hold a Fourth of July celebration and devote the proceeds toward making a complete collection of n Diego fish for exhibition at the World's Fair. The specimens will be preserved in alcohol and properly labeled. The exhibit will be a competi-

GEN. MARTIN T. McMAHON, a Demo cratic campaigner of New York State. put a fact very tersely when he said: The campaign of 1888 was one of education. That of 1892 will be one of the educated." But, if we mistake not the people have received such an education that they will not give the Democrats enough votes to elect.

Ax eight-foot tunnel extending four miles out into Lake Michigan has just been completed at Chicago. In will supply to the city 130,000,000 gallons water per day, and has cost over \$1,000,000. Considering the way the Chicago river has been backing up sewage into the lake the new point of sup ply is not secured any too soon.

A RESIDENT of Los Angeles who is now visiting Minneapolis, Minn., writes: "We have been here eighteen days and twenty-four hours on every day except evo, with terrific thunder-storms interspersed at frequent intervals. I was mesick inside of a week." The correspondent submits a typical list of questions about California which are asked by many Minnesotans "who would be glad to exchange sleet and snow, storm, wind and flood, summer heat and 'forty degrees below zero' for our own 'glorious climate of Californy.' " No wonder they are looking this way in numbers, and no wonder the Minneapolis papers are jealous and say all the mean things they can about our State.

JAMER R. FINLAYSON of this city is in receipt of a letter from Senator Felton discussing the appropriation for San Pedro and the prospects for a further appropriation to secure a deep-sea harbor. He savs:

Under the circumstances I think we came out very well, as there is no question that so soon as the bill becomes a law I can in duce the Secretary of War to immediately nominate the commission, which shall mominate the commission, which shall make the survey of Santa Monica and San Pedro harbors, in order that we may get their report, as required, by the first of November next, in which event we may hope for some appropriation for a deep-sea harbor near Los Angeles. So the agitation has done this much, if no more, thus show. ing to the committee of the Senate the ne cessities for such creation, and they are

A PLAN to utilize all the schoolhouses in Chicago as dormitories for teachers visiting the World's Fair is being agi-Mrs. Solomon Thatcher, one of the lady managers, advanced the idea, which has been generally approved. She says there are more than 00,000 school teachers in the country, who will probably attend the fair, and that a nominal fee from a reason able proportion of them would pay the expenses of transforming every school se in Chicago into a lodging-house and keep it in perfect order. There are nearly 250 public school buildings, all of them large structures, which could be thus utilized. It is believed that the majority of the teachers of the country will spend a portion at least of their vacation in viewing the Exposition. If they could be provided with lodgings as indicated, at a mere nominal expense,

Our representatives should they would surely be greatly accommo-

logical, symmetrical and include only territory which is naturally tributary to Los Angeles. The present county seat is now, and must always continue to be. the most convenient for all the people residing within the area outlined shall thus be relieved from future county carving.

Our representatives should also insist, as intimated yesterday, on a complete revision of our system of county government. We should have the number of courts reduced to an economical and fairly efficient basis for the rejuvenated county. Our Superior Courts should be reduced to three, and the whole machinery of the law scaled down accordingly. We should have other branches of government reduced whereever they are likely to prove unwieldy and extravagant. At the same time, we might be able to carry out the suggestions of our late grand jury and make at least a partial consolidation of the city and county governments. If it be possible we should have for both one assessor, one tax collector, one treasurer and one auditor. A close investi-New York Weekly Tribune, foremost among gation might show that other offices could be consolidated.

This would accomplish a great saving SATURDAY TIMES AND WEEKLY MIRROR (12 in public expenditures which would b pages) will be sent by us to any address in a boon to the tax-paying public. This and this alone will make the division scheme popular with the people at large.

A Weird Electrical Storm.

Electrical phenomena that accom panied the storm of last week which swept over the Jersey shores within full view of New York city are being discussed far and wide, and will long con tinue the subject of great interest t scientists. A New York paper, the Commercial Advertiser, says that upon the gloomy masses of black cloud that hung over the New Jersey highlands, behind a rampart of deep gray, were developed two distinct patches of glowing red. The sun had set for a full quarter of an hour before they appeared in the northwest, but to account for the brilliancy of the glow it was supposed at first that the marked spots were where a thinner blanket of cloud permitted the sunset glow to penetrate. As they moved northward, however, it became evident that they were selfluminous banks of vapor, through which in every direction the most vivid bolts of lightning were darting so incessantly as to make an irregular and ever changing network of electric flames upon the deep red background. So charged were these clouds with electricity that they positively glowed with light, and continued to do so until they disappeared, half or three-quarters of an hour later in the murk toward the north.

Proof that they derived their luminosity from the electricity with which they were charged could be deduced, doubtless, by experts from the constant play of currents between them. Bu Newark, over which the more northerly cloud first appeared, bears witness o quite another kind. There, without any special count of bursting bolts, an outpouring of electrical energy occurred which gave realistic proofs of its presence that carried ruin with them. The wires of the telegraph and trolley systems took up more than they could carry of the load and burned out armatures of cars, motors, arc and incandes cent lights, and even destroyed the appliances for working the bellows of an organ. The contents of the clouds were carried into human habitations in way that would not have been dreamed of a few years ago. Happily the impromptu distribution of energy was not attended with loss of life.

The Commercial Advertiser adds: Rare as is the phenomenon of luminously lectrified clouds, it is especially interest electrified clouds, it is especially interesting because it repeats upon a small terrestrial scale events that occur in the outer
universe billions of miles away. It is now
generally agreed that the startling spectacle presented by the new star in the constellation Auriga a few months ago was
partially due to electricity. Two enormous
suns passing each other within a short distance of a few hundreds of millions of
miles—so close, indeed, that the most powerful telescope failed to separate them—at in inconceivable rate of speed, so electriced each other that they glowed with vastly hagnified light. The spectroscope told the tory of this casual meeting on the high outer space, and explained the na

ture of the mutual salute.

The same laws of nature that seemed to create a visible sun billions of miles awa kindled the evening glow that added to he New Jersey pyrotechnical display.

As DEMOCRATIC papers all over the ountry are attempting to make a handle of the reduction of wages in the Carnegie iron works in Pennsylvania and boldly charging it up as one of the results of the Mckinley tariff, proper to show that the new tariff does not maintain even the former protection for the iron industry. In a com munication to a prominent English newspaper which had made some loos assertions concerning the tariff Mr. Carnegie points out that this act virtually reduced the duties upon the principal articles he manufactures to the extent of from 25 to 32 per cent.; also that on materials from foreign countries used in manufacturing and afterward exported hence 99 per cent. of the duty is remitted. The act, he says swept away \$65,000,000 of revenue from imports and put on the free list more than 1500 articles, including ra materials. Duties were increased upo tin plate, cutlery, fine woolens, silk linens and wines. Mr. Carnegie, least, gets no benefit from the act pr tectively, and any reduction of wag these works must be charged other causes than the McKinley tari It may be due to a general reaction prices of manufactured goods, to t increased competition from abroad reason of the reduced tariff, to a desi of the manufacturers to secure 'larg profits for themselves, or to any or a dozen different causes.

AMUSEMENTS.

AT THE PLAYHOUSES.

GRAND OPERAHOUSE .-- Marie Hubert Fro GRANDOPERAHOUSE.—Marie Hubert Frohman closed her engagement last night, her final performance of The Wüch being played to a very slim house. It had been announced that there would be a matinée yesterday afternoon, but the idea was abandoned at the last moment, for obvious reasons. The Operahouse will be dark for the remainder of the week.

Our representatives should insist rongly upon these lines or a close appointment of them, because they are kind of nattery.—low a state Register.

THE DUKES SHUT OUT. Opening Game of the Los An-

Won by the Home Team by the Healthy Score of 6 to 0.

geles-San Jose Series

Roach's Strong Left Arm Responsi ble for the Result.

Only Twice Did the Visitors Reach Se Both Sides-Great Stick Work by the Angels.

not find the ball yesterday after-noon and suffered 20 a most inglorious men getting as far as second base. One oat after another of whitewash was daubed over the visitors until they re-sembled a lot of Sacramento boodlers

who had passed through a legislative investigation. Meanwhile the Angels, by judicious stick work, had accumu-lated six runs and left twelve men to die on bases, besides.

The individual who, more than any other one man, was responsible for the outcome was Jack Roach, the Socialist 'orator.' The old reliable south paw was feeling first-rate, so he said, and he looked it. He pitched a scientific, theady! your form beginning to and 'heady'' game from beginning to end, and his change of pace was entirely too much for the husky Santa Clarans. Only two healthy hits were made off his puzzling delivery during the whole game, although McGucken succeeded in

to Jimmy Stafford in the ninth inning

to Jimmy Stafford in the ninth inning. Besides pitching a magnificent game Roach also helped along with a couple of hits that worked in nicely.

But the support that Roach received from the other eight men in the team would have encouraged any pitcher to "do or die." Rogers having failed to show up in time for the game Hasamaear was again put in to do the backstop act, and he worked as though everything depended on him. Not a ball passed him and the only man who had the hardihood to attempt to steal had the hardihood to attempt to stea second base on "Panorama Bill" was thrown out by eleven feet and some

inches to spare.

Around second base Capt. Glenalvin was doing some National League playing all afternoon, nearly all of his ten chances being difficult. Jimmy Stafford chibald at this set. ford shirked nothing at short, while "Kid" Hulen gave a nice exhibition with four hard chances and fell down on a couple of easy ones. Treadway and Wright each made a long distance catch and Balsz turned an error into an assist from right field.

One of the leading features of the day was the coaching of Tredway. The comedian was full of ginger, and the amount of enthusiasm he stirred up was alone worth the price of admission. It was the first time the kindergarten idol has been himself since the present series be-gan, and the game could not have been

Nicholas Lookabaugh Tredway was full of went in yesterday out Tredway was full of finger. of his turn at his own request, but he is probably sorry when he thinks of it now. Fourteen safe shots were taken from him, besides a clean two-base drive which Louie Balsz cheated himself out of by not touching first base in his mad flight around the

The Angels began scoring in the first inning, when two men came in on an error by Ebright and singles by Tred-way and Glenalvin. One more came in the second, when Roach singled, wen

the second on Balsz's sacrifice and scored on Tredway's single. In the third Stafford and Hulen singled and the latter stole second. Then Roach, who was still feeling first rate, performed the rare feat of bringing in a run by striking out. He did it by deliberately making his third pass at a wild pitch and Stafford scored while Clark was certifing the ball to Pooley. Clark was getting the ball to Dooley. Hulen came in on Balsz's two-bagger. The last run came in the eighth on Has

amaear's two-bagger, Glenalvin's sacri-fice and Stafford's single.

The nearest the visitors came to scoring was in the second inning, when Denny hit to Hulen, who threw the ball into the bleachers. "Pop" recovered the ball in time to throw the runner out claimed that some miscreant on the bleachers had assisted McCanton

HE IS FOR HARRISON. H. T. Gage Defines His Positio

In an article published in the Herald vesterday morning, purporting to be report of a conversation among several epublicans, Hon. H. T. Gage is repreented as being opposed to the election of President Harrison. In reply to the statement, Mr. Gage yesterday defined his position in the present campaign as follows, which leaves no doubt as to ollows, which le where he stands:

where he stands:
I was bitterly opposed to Harrison's nomination, for the reason, among others unnecessary here to be assigned, that I do not
believe in a second term; and, further, I
have very profound convictions differing
with Mr. Harrison on the money question. with air, Harrison on the money question.

I believe in the free coinage of silver produced out of the mines of our own country. I believe that every Congressman from this State, and every Senator should be compelled to subscribe that idea before he should be elected. that idea before he should be elected. I believe that such doctrine should, in addition to the national platform, be incorporated in the various Congress district platforms; and then, whether Cleveland or Harrison should be ultimately be elected, the policy of the State would be shaped in accordance with the views of the people of this State. But all objections that could be assigned by any Republican against Harrison would apply with greater force to Cleveland, and this is especially true in reference to second term propositions, as Cleveland furnishes the sole example in the history of politics in this country of a he history of politics in this country resident running for that offic hird time. As against Cleveland I am en-husiastically for Harrison.

RAILROAD AFFAIRS.

The Southern California Consolidation
Formally Completed—Notes.
At 10 o'clock this morning, in the
general manager's office, the final ormal action will be taken for consoli dating all the Santa Fé's Southern Callfornia lines, and at 11 o'clock President
Manvel will depart for the East by a
special train. The articles of agreement consolidating the Santa Fé and
Santa Monica Railway Company, the
San Bernardino and Eastern Railway Company, and the Southern Californi Railway Company, under the name of the Sonthern California Railway Com-pany, were filed with the County Clerk yesterday. SCRAP HEAP.

The work of rebuilding the burned Santa Fé hotel at Barstow is already well under way and will soon be ready The Union Pacific announces a round

trip rate of \$55 from Los Angeles to Denver for the Knights Templar conclave in August.

There were no new developments in public school matters yesterday. It is stated that an appeal by Dr. Hitchcock will not prevent Mrs. Hughes from tak-ing her seat as a member of the board, and in that case there are likely to be a number of changes. The friends of the number of changes. The friends of the dismissed teachers are at work, and the next meeting promises to be an inter-

esting one.

The boys and girls of Miss Wooster's department in the High school have united in a petition to the Board of Education asking them to reconsider their action and retain their teacher on the rolls for another year. The young people say they have learned the fitness of Miss Wooster for her position and recognize the pure and uplifting influence exerted over her pupils.

A PASTOR'S DOWNFALL.

Driven from Visalia for Immoral Practices.

Murderer Bruggy Reprieved by th Governor for Thirty Days.

Arrangements for the Goddard-Mc-Auliffe Fight Tonight.

A San Francisco Tough Shot and Kille a Policeman—An Undergrou Opium Mill Raided—Other Coast News.

By Telegraph to The Times.
VISALIA, June 29.—[By the Associated Press.] Rev. James Wilson, pastor of the First Presbyterian Church of this city was last night given twenty-four hours to leave the town. Wilson owns a twenty-acre vineyard sixteen miles north of Visalia, occupied by a tenant named Miller, who has two daughters aged 7 and 9. Wilson was in the habit of taking the girls riding in his buggy and on several occasions took undue liberties with them. Yesterday the father of the children came to town to kill Wilson but was pursuaded not to do so by the deacons of the church. Wilson acknowledged his guilt. He is over 70 years of age and has heretofore been greatly esteemed. He left town this evening, leaving a family behind.

GODDARD AND M'AULIFFE.

Final Arrangements for Their Fight at

SAN FRANCISCO, June 29.— By the Associated Press. Final arrangements for the McAuliffe-Goddard fight were made last night, when representatives of both men met with the directors of the California Club. President Hiram Cook was selected as referee and Aleck Greggains announced that he. Martin Murphy and Frank McAuliffe would second the Mission boy. Herbert Goddard will second his brother, assisted by Henry Gallagher and J. L. Lafferty. by Henry Gallagher and J. L. Lafferty. McAuliffe named Dan Sullivan for his time-keeper and M. Smith was selected by Goddard. James Chesley will be official time-keeper. The representatives of the big fellows took up the rules which will govern the fight. The most important point discussed was as to clinches. It was agreed that both men could punch in a breakaway, and that if one man perbreakaway, and that if one man per sisted in clinching after the referee had ordered a breakaway and the other one had both hands free, he would be allowed to punch. Neither man will, however, be allowed to hold the other and hit. President Cook wants club members to thoroughly understand this nembers to thoroughly understand this rule so there will be no reason for cry-ing 'foul,' every time men come to-gether and fight. The outlook for a good crowd tomorrow night is encour-

THROUGH THE HEART. Tough San Franciscan Shot Dead by

aging.

San Francisco, June 29 .-- [By the Associated Press.] Robert Kirlin, a plas-terer, was shot through the heart and killed this morning by Police Officer Edward Thompson. The shooting oc-curred on the street. Kirlin was one of party which had been causing a dis turbance in a Sixth-street saloon. Po liceman Bode and Special Policeman Peyser called to suppress the disturb ance, but repeated clubbing failed to silence the noisy party. Policemar Thompson, attracted by the vells, hur ried to the scene and took Kirlin, the most boisterous of them, home. Kirlin secured a cheese knife and followed the officer, slashing the latter's clothes into shreds. The officer shot just as Kirlin was making another murderous attack.

An Underground Opium Mill. SAN FRANCISCO, June 29 .-- Internal revenue agents today found in an un derground cellar in the Chinese quarter opium factory large enough to supply half the Chinese population of the city with prepared smoking opium. The factory was hidden in an almost inaccessible cave under a josshouse. There were three large furnaces in operation, with pans full of half-cooked material. Crude opium and the instruments ordi-

Held Up by Masked Men. WALLACE (Idaho,) June 29 .- As Sydenham Mills was crossing the divide from Fancy Gulch to Murray this afternoon he was confronted by two masked men with shotguns and made to deliver up \$2000 worth of gold dust. He hastened to Murray and gave the alarm. Armed posses were sent out in different directions, but no clew to the highwaymen has been found. their capture have been offered.

Entitled to an Accounting San Francisco, June 29 .- In the suit

of Julius H. von Schmidt vs. Alexander von Schmidt to compel an accounting for operations of the Von Schmidt dredger, Judge Wallace today decided in favor of the plaintiff and announced that he was entitled to an accounting Bruggy Gets a Reprieve.

SACRAMENTO, June 29. -On applica tion Chief Justice Beatty, who says a writ of error may be presented to the United States Supreme Court, Gov. Markham has reprieved for thirty days George H. Bruggy, sentenced to be hanged at Santa Rosa June 30.

Will Escape Punishment. VISALIA. June 29.-Charles Schmidt who shot his bartender. Charles Wett, May 2, was released from fail today or a writ of habeas corpus. Wett has partially recovered from his wounds the country and so was not found to prosecute.

Defaulter Moseley's Office. STOCKTON, June 29 .- The office

Recorder and Auditor, held by J. F. Moseley, the bold plunger who recently skipped, was today declared vacant, his bondsmen having withdrawn, and George Houskin, chief deputy, was ap-pointed to the vacancy.

Won in the Fourth Round PORTLAND (Or.,) June 29.—Billy mith of Boston and Charles Gleason of Portland, lightweights, fought at the gloves, for a purse of \$700. Smith won in the fourth round.

The Bishop Autopsy Case.

New York, June 29 .- The jury in the case of Dr. John A. Irwin.charged with performing an illegal autopsy on the body of Washington Bishop, came into court today and reported a disagreement, standing nine to three for conCOLD COMFORT.

Steamers Will Take San Diege ra if They Can Conveniently. Passengers If They Can Conveniently.

San Francisco, June 29.—[By the Associated Press.] A Washington special passociated Press.] cial says that Congressman Bowers has had another interview with J. B. Hous-ton, vice-president of the Pacific Mail Steamship Company, with reference to the action of that company in refusing to take passengers and freight at San Diego for Central American and Mexican ports. Houston denied that the company had discriminated against San Diego, saying that when there has been any trouble it was caused by the fact that the steamers were full. He also said the time schedule in the contract made it impossible to stop for freight and at the same time make ports on time. He referred to ten or a dozen protests in the hands of the company from as many foreign ports in which merchants complained that their interests were suffering because the company would not handle their mer-chandise.

Bowers received a letter from Hous Bowers received a letter from Houston from which the following is quoted:

I wish to say to you that it is the earnest desire of this company to do full justice to the business interests of San Diego, and with that object in view it will be a pleasure as well as a duty to dispatch the business offered to us either as freight, or passengers. Directions have been given our agents in all cases to sell tickets for all ports of call at which we touch, and we will repeat these orders in a manner which we hope will prevent mistakes, but if any case occurs among your constituents where these nope will prevent mistakes, but if any case occurs among your constituents where these orders are disregarded if it is at once referred to this office a remedy will be applied which we are sure will be effectual. Of course there are times when ships are full of passengers for ports on the Coast and it is then therefore impossible to sell tickets to intending passengers at San Diego, but if those desirous of taking passage by our line will telegraph to our general agent at San P Diego, but if those desirous of taking passage by our line will telegraph to our general agent at San Francisco, he will at all times reserve rooms for them if not already sold. If at any time you can show us how we can aid the people of your constituency we will gladly do so if we continue to stop at San Diego, which is in doubt at present for reasons explained to you in our interview.

HANGED IN EFFIGY.

Exciting Demonstrations at the Carnegie Works.

The Situation Hourly Becoming More Serious-The Great Lock-out of Iron and Steel Workers in Pennsylvania Begun.

HOMESTEAD (Pa.,) June 29 .- [By the Associated Press. | The intense feeling of the workmen at Carnegie's Homestead steel works, which has heretofore een controlled, has at last broken forth Today there were numerous hostile and

exciting demonstrations on the part of the men. Frick, William Mc-Broom and several others were hanged in effigy. When an attempt was made to cut down the effigies, the workmen turned on the hose.

The thirty-two inch

and one hundred and

nineteen inch mills have shut down. Andrew Carnegie. It a ve shut down. Several other departments will olose ro-morrow night and the men will be discharged. Instead of a strike it will

e a lockout.
The situation is hourly becoming more serions. The mill-workers this afternoon said the association is strong and could afford to stand out three years if

ecessary.
PITTSBURGE, June 29.—The situation PHYSBURGH, June 29.—The situation in a nutshell, on the eve of the great shut-down in the iron and steel trade, is threatening. The iron manufactu-rers of this and the Mahoning and Shenango Valleys are at loggerheads with the Amalg mared Association, while cast their shadows over the iron and steel workers in years gone by, but it is admitted on all sides that never before admitted on all sides that hever octore in the history of the Amalgamated Association has it been confronted with such a state of affairs as now exists. Although the Wage Committee will confer with the Mahoning and Shenango manufacturers tomorrow, there is little hope of a settlement being reached.

FLASHES FROM THE WIRES. The Senate will take a vote on the Free Coinage Bill at 2 p.m. tomorrow. Earl Droghede died yesterday. He will be succeeded by his cousin, William Pon-

Mayor Grant of New York has appointed delegates to the National Mining Confer-ence, to be held in Helena, Mont. The Guarantee Alliance, an insurance concern of New York, is to be wound up by order of the Superintendent of Insurance,

The Buenos Ayres Chamber of Deputies has approved a decree raising the state of siege declared prior to the election of the President. President.

The boiler of a threshing machine blew up at Perkins, Cal., fatally injuring Ross Dinsmore, fracturing the jaw and internally injuring Thomas Wallace and scalding Fireman Johnson.

Fireman Johnson.

The Norwegian ministers, after a conference with the King, tendered their resignations yesperday, as the King refused to sanction a resolution regarding the establishment of separate Norwegian consul-

ates.

Billy Fay and Jack Delmore quarreled at Spokane, Wash., while playing faro yesterday, separating with angry words. They met again about 7 o'clock last evening and opened fire on each other and Delmore was mortally wounded, dying an hour later.

mortally wounded, dying an hour later.

Artestan water was struck Tuesday on
the farm of James Faulkner on the west
side of the San Joaquin River, three miles
southeast of Bethany. The water is
charged with sulphureted hydrogen gas,
and will be analyzed to ascertain whether
it can be used for irrigation.

Fourteen Chinamen, who were arrested below San Diego last week for attempting to enter this country.in violation of the Exclusion law, have been ordered to be imprisoned at Folson State prison for twenty days, when they will be returned to China in accordance with the new law.

days, when they will be returned to China in accordance with the new law.

Deputy Coroner Stetson went yesterday to Ocean Beach, near San Diego to remove the body of the woman which drifted ashore Tuesday, but inding decomposition too far advanced ordered burial of the remains on shore. It was apparently a case of murder, but there is no means of identification except one stocking, the body being otherwise entirely nude.

The conference report on the Indian Appropriation Bill was disagreed to in the House, and the bill was met by the Republicans with fillbustering motions, and the House adjourned. The action of the House in rejecting the first two conference reports presented this session on annual appropriation bills has seriously jeopardized the prospects of an early adjournment of Cengress. Certain Senators state that Congress would remain in session until election day if the House persisted in maintaining its position. McMillan declar d the House would remain in session all summer before accepting the Senate amendments. Other members threaten that the Huse will retuse to pass any resolutions extending appropriations for support of the Government beyond July 20, next.

HIGH SCHOOL GRADUATES

Closing Exercises of the Class of 1892.

The Largest Number Ever Graduated from That Institution.

A Brilliant Audience at the Los A geles Theater.

mas Awarded after an Interest sical and Literary Entertainme Exercises at the Convent of the Holy Names.

As the last harmonious strain of the opening overture died away last evening at the Los Angeles Theater the cur tain rose before the expectant audien on a group of twenty-eight young ladies and gentlemen—the High school grad-uating class of 1892—the largest class ever graduated from that institution.
The young ladies occupied seats in a
semicircle and back of them were ranged in solid rank the young men, each wearing the class pin and a knot of lavender ribbon on his coat lapel. The young ladies, without exception, were in pure white. At the left of the stage were seated Miss Packard, the High school principal, and Miss Flor-ence Dunham, one of the teachers. The stage was literally laden with flowers. Spanish bayonets rose from every niche and corner and larged-leaved cacti kept the snowy desert blossoms company. A magnificent star and crescent in lavender and white blossoms, was suspended high up at the rear of the stage and from it on either side fell folds of lavender and white bunting, drawn back in graceful festoons. Beautiful and elaborate floral pieces were placed here and there about the stage wherever there was space. The footlights blazed between a bulwark of flowers, baskets, bouquets and set pieces, the offerings of friends on one side and a hedge of growing plants and blossoms on the other. In the lower boxes at the left sat the High school reachers and at the right stage was literally laden with flowers.

In the lower boxes at the left sat the High school teachers and at the right were the four doctors of the Board of Education, Gen. Mansfield and Superintendent Friesner. In the box immediately in front of these gentlemen and directly in line with Dr. Hitchcock, her opponent, sat Mrs. Margaret Hughes, whom the court has declared a member

opponent, sat Mrs. Margaret Hughes, whom the court has declared a member of the board. She was accompanied by her son, Walter S. Moore, her daughter, Mrs. F. H. Shoemaker and her two granddaughters.

The first selection was the Latin salutatory by Miss Grace Harbison Crabbe, the youngest member of the class, a bright little miss, yet in short dresses. The class honors were distributed obetween her and Miss Corrie Bruere—both were equal in rank, so

tributed obstween her and Miss Corrie Bruere—both were equal in rank, so one was given the salutatory and the other the valedictory.

An oration, "The Limit of Man's Progress," by Leon Eugene Lampton followed, delivered in a clear, strong voice. Next came Miss Lillian Zech, who, in an original style, depicted the development of the erstwhile Bohemian ministrels of past centuries, into the wandering child musician of today. The popular Euterpean Quartette here diversified the programme by one of their catchy songs, "The Letter," of their catchy songs, "The Letter," which so delighted the audience that a which so definited the addience that a shower of applause pattered through the building, from gallery to parquette, recalling them at length, but a polite bow was their only response.

An oration by Edward Bacon on 'Pan-

America," gave a comprehensive re-view of the Pan-American convention of 1889, and closed by predicting an Utopia when there should be but one people, one language, one flag and uni-

sal peace.
liss Florence Elizabeth Crow next gave glimpses of the lines of educational benefactors who builded better than they knew-Comenius, the educational

they knew—Comenius, the educational explorer, Mary Lyon the founder of Mount Holyoke Seminary, the mother of Vassar, Smith and Wellesley.

Some music by the Harmony Orchestra—Strauss' "Gypsy Baron"—made a pleasant interlude and then Miss Crabbe, the salutatorian, gave a dreamy reverie.

"The Sculptor's Dream," a remarkable production

The most original, unique and brilliant production of the class, however, was the poem "A Scottish Idyl," from a Scotch lad, Freeman Mills Kincaid, who displayed positive genius in his clever portrayal of a love scene between two bairs, maintaining perfectly the Scotch

accent throughout.

Another song by the Euterpeans and the class oration on "Our National Honor," an able effort by Fred August Temple, brought the progromme near to its close when Miss Bruere, in a graceful word picture. "Songs of the Seasons," pronounced the valedictory. The class was presented by Miss Packard and diplomas were awarded by Dr. B. F. Kierulff, president of the Board of Education, to the following graduates: Classical course—George Percy Cook.

Literary course—Norman Trenholme

Literary course—Norman Trenholme Bourland, Corrie Bruere, Grace Harbi-Bourland, Forrie Bruere, Grace Harbison Crabbe, Owen Sumner Case, Florence Elizabeth Crow, Ada Elizabeth Hutton, Joseph Mayne Irvine, Freeman Mills Kincaid, Mable Locke, Marie Katherine Longstreet, Sherrill Blaisdell Osborne, Lizzie Ritchie, Nellie Eunice Smith.

Eunice Smith.
Scientific course—Harry Alexander,
Donald Jackson Frick, Henry Meyer.
Grace Eleanor Mathes, Verda Story
Park, Fred August Temple, Edwin
Watts Winston, Edward Bacon, Leon Eugene Lampton, George Lemuel Mc-Keeby, George Noble. Leone Seward, George Wilson, Lilian Zech. George Wilson made a record for him-

self by not being absent or tardy during the entire course.

The alumni reception will be held tomorrow evening at the High School Auditorium.

CONVENT OF THE HOLY NAMES.

Interesting Graduating Exercises at the Ramona Convent Yesterday. The special train which left the Ter-

ride of twenty minutes and they arrived at their destination, and a long procession wound up the curved drive leading past the flower-covered terraces to the spacious brick building, where they were cordially welcomed by the Mother Superior and sisters, and ushered at once into the hall where a large number of people, who had driven in from the surrounding towns, were already seated. There was ample room for all, however, as admission was by card, and

visiting clergy; J. de Barth Shorb, Dr. Northington and other prominent gen-

tiemen.

The walls were hung with paintings in water colors and oils and crayon sketches, the work of the pupils. These beautiful works of art vied with clusters of natural blossoms and sprays of ferns, which thickly frescoed the walls so that the audience was surrounded by a panoramic view of landscape, flowers, marine views, laughing faces, ox heads and tempting fruits, mingled with nature's own paintings in the nodding blossoms and greens. The opening number was a trio on two opening number was a trio on two-pianos, performed by six young ladies, and greetings were next extended in song by the singing class, numbering thirty-five young ladies and misses. All wore white gowns with black sashes and gloves, except the three graduates, who were in pure white, and stood in the center of the platform with the others grouped about them. A concert recitation followed by twenty-five young ladies, who spoke as with one voice, every accent, syllable and gesture being given exactly in concert. The select given exactly in concert. The selec-tion was a medley beginning with "The Raven" and introducing snatches of "Forward the Light Brigade." "Oueen

"Forward the Light Brigade," "Queen of the May," "Sheridan's Ride," "Bridge of Sighs," "The Bells," and other well-known poems. The and other well-known poems. The instant change of voice, gesture and expression, as occasion required, was remarkable, every one doing her part at exactly the same second. Later in thk programme two other selections were given by this class, one of a humorous and the other of a pathetic nature. The ability displayed was far above the average and would rank well with that of much more pretentious institutions. Miss Ada Smyth, one of the graduates, is the teacher of elocution at the convent.

tion at the convent. A couple of selections by eight young ladies on guitars, mandolins, violin and piano, a piano quartette, some songs and a duo or two exhibited the proficiency of the pupils in music. A brief cantata—Ruth and Naomi—was charmingly given by four young lodies Missen ingly given by four young ladies, Misses Etta White, Ida Smyth, Anita Lazzare Etta White, Ida Smyth, Anita Lazzarevich and Mary Hannon. Ribbons of
merit and a gold medal were distributed
by Rev. Father Meyer to a class of
seventeen girls in the-first, second and
third courses, respectively. Miss AnitaKelly, the fourteen-year-old daughter
of Recorder J. A. Yelly, was awarded
both a ribbon of merit and the gold
medal, winning applause from the audience as she stepped forward to receive
them.

them.

The three graduates, Miss Smyth of San Francisco, Miss Mary Mulock of San Gabriel and Miss Mary Hannon of Savannah, received their diplomas and medals at the hands of Rev. Father Meyer, who placed upon their heads at the same time laurel wreaths.

the same time laurel wreaths.

The valedictory, a gracefully written essay, which for brevity, elegance of diction and appropriate expression of the convent of the Holy Names. A ride of twenty minutes and they arrived at their destination, and a long procession wound up the curved drive leading past the flower-covered terraces to the the same time laurel wreaths.

Now You See it and Now You Don't

Is a new style of Pocketbook just out, and by the way we sell pocketbooks today for 20 cents each and place a genune silver 25-cent piece in every one and sell the entire business for 20 cents. Still we have heard remarks that the money was counterfeit. Several rascals are in jail for selling counterfeit money. The writer of this is not ready to go to jail yet. Orders have been received from Tucson. Riverside, and from poor old San Diego, and they will all be filled. Order for special sale will be filled if the order is received before the day of sale; otherwise, nixie. We are selling out Shoes. Going out of the Shoe business. This is done to get more room for the mammoth Cloak Department. Shoes are being sold at factory cost. Doubling up trade in Corsets. More than doubling sales in the Cloak Department. The Dress Goods Department is selling a great many more goods than a year ago, and the busness of the house is showing a tremendous gain over a year ago. There must be something behind all this. You hear favorable talk on the outside. Clerks are perfectly satisfied on the inside. Stocks are large and complete. You hear more about the house than any other in the city. Our competitors all admit there is a fairness about our method. Clerks in all other houses are favorable toward the house because we recognize the early closing and go farther than they have ever asked. Laboring men appreciate the move for shorter hours. Travelling men say they hear about this house throughout all their trips. It is one of the first questions asked. 'How is Sheward's trade? Is his trade as good as he says it is? This is a good sign. It shows the drift of public sentiment. Customers know they get the best treatment. They are waited upon right. They know if they buy an article in this house and are not perfectly satisfied in every way, they can return it and get back the money they paid for it. No one can place business on a squarer basis. It is right, and right cannot receive unjust criticism.

Voluntary Testimonials DR. WOH,

The Eminent Chinese Physician.

Dr. Woh's life work has been from early youth one of persistent and untiring ervation, study and investigation, as fully as lay in his power to perfect himself in all branches of the art of healing human sickness and disease. Been in China, of influential arents, of a family whose ancestors have been for generations deservingly renowned sleading physician, Dr. Woh naturally followed in the footsteps of his fathers. In China he has practiced his profession for several years, being at one time a physician la he Imperial Hospital, and in America for a long time. His great number of patients, his wonderful and many cures, and the great list of letters from grateful and thankful patrons now prove him to be a remarkable and successful heater of sickness and all

disease.

For a long time I have been suffering with bladder and kidney troubles. No dottoring or medicines seemed to do me good. I consulted the best physicians and surgeons in Los Angeles city. They gave me morphine and drugs, but no relief could I obtain. After suffering great pain and having my passage almost entirely eloged 1, four teen days ago, began using Dr. Woh's medicines. Today I am perfectly well. I do consider Dr. Woh the most successful physician in Southern California. C. A. STEELE, 216 and 318 S. Main st., Los Angeles, Cal. October 13, 1891.

October 13, 1891.

DR. WOH:—
I have trief of many doctors for neart discovered with the best physicians of san Francisce for my heart discovered no beautiful. Thread to form the commended to you and segan you treatment: before this I was twice completely lam and I thank you alone for my recovery. Respectfully.

Signaly ave., Los Angeles, Cal. J. G. SIMP-SON, ST. Gladys ave., Los Angeles, Cal. January 19, 182:

SEPIA PORTRAITS. Medal and Diplomas awarded for superiority. 220 South Spring Street, opp. Los Angeles Theater and Hollenbeck COL. JOHN W. FOSTER.

What "Jayhawker" Knows About the New Secretary of State.

The Largest Man in all Respects That In diana Has Ever Given to the Public Service-His War Record.

IN THE DEN, June 29. The President has at last made an appointment which he no doubt won have made when he went into office, had it not been for the unfortunate agreement to appoint Blaine as a return for the Presidential nomination as agreed upon between himself and Mr. Elkins, who was acting for Mr. Blaine. Col. John W. Foster is the largest man in all respects which the State of Indiana has given to the public service. He was a lawyer-editor when the civil war be-gan, and though of delicate physique he at once enlisted, and was made major of his regiment, the Twenty-afth Indiana Infantry. He was promoted to lieutenant-colonel and then colonel, and resigned in the fall of 1864 in broken resigned in the fall of 1864 in broken health. His military record was marked by a close attention to duty. In 1876 he was chairman of the Republican State Central Committee, Hon. G. S. Orth being the candidate for Governor. Four week prior to the election serious charges were brought against Mr. Orth. He was called upon to deny them, which he refused to do, and Col. Fostor, knowing that defeat must result, removed him from the ticket and substituted Mr. Benjamin Harrison, who was defeated after a heroic campaign. This was Harrison's start in political life. It was known when he went on the ticket that he would be defeated, but some one had to be sacrificed for the party, and Gen. Harrison went to his defeat manfully. That was the bravest and greater when the life health was the bravest and greater. That was the bravest and great est act of his life-but he owed the op-

est act of his life—but he owed the op-portunity to Col. Foster.

Those who have the pleasure of an intimate acquaintance with Col. Foster recognize his ability. He is level-headed, never going off at half-cock. In the midst of all the jealousies grow-ing out of political ambitions of Indiana leaders, he has remained friendly with all, being always true to his county and party.

when the office of Postmaster-General in Mr. Arthur's Cabinet became vacant, the Republicans of Indiana sent a petition to the President, by the hands of Col. Foster, asking the appointment of Hon. W. H. Calkins to fill the vacancy. I was with Col. Foster when he handed the paper to the President. cancy. I was with Col. Foster when he handed the paper to the President. The first name on the list was that of Judge Gresham. Said Mr. Foster: "Mr. President, you will observe that Gen. Gresham, whom we regard as one of the greatest and best men in Indiana, urges the appointment."
"How would Gresham do for Post-master-General? asked the President."

"A better selection could not be made in Indiana," was Col. Foster's reply. "Do me the kindness to telegraph him and ask him if he will accept the

office."

Col. Foster knew that the best of feeling did not exist between Judge Gresham and Gen. Harrison, who was then Senator, but he treated the Senator with the courtesy which his office demanded, and the telegram, when sent, demanded, and the telegram, when sent, was to Gen. Harrison, asking him to make the inquiry for the President. The whole thing was done gracefully, and with a tact which showed the thoughtful character of Mr. Foster.

In 1883-4 I found quite a sentiment in favor of Col. Poster as Indiana's candidate for Vice-Pestident—a sentiment

which he modestly refused to encourage. Had he been willing to do so, he could have been on the ticket in place of Gen. Logan. Col. Foster is now in his mental and physical prime, with a wider knowledge of the affairs of our Generoment than any man living our wider knowledge of the affairs of our Government than any man living—not excepting Senator Sherman. It is not in diplomacy alone that Mr. Foster excels; he has great executive ability—always cool, deliberate and entirely devoted to his Government. In the performance of a public duty he always sinks himself and recognizes only his obligations to the public. Without noise or parade, the affairs of the State Department will be wisely administered, and the President will have a safe adand the President waters.

viser in all public matters.

JAYHAWKER. and the President will have a safe ad-

MARRIAGE LICENSES.

DR. WONG:

The above are two fac similes of many REWARDS OF MERIT or DIPLOMAS of PROFESSIONAL SKILL which have from time to time been awarded to the CELEBRATED CHINESE PHYSICIAN, DR. WONG, for his supperior medical abilities and curative powers.

It has long been customary among the Chinese people when an ecomesist and when repeated attempts to cure him have killed, and the companion of the statement of t ease which once afflicted the donor.

It is not an uncommon thing to see a great number of these COMPLIMENTARY DIPLOMAS adorning the office walls of Chinese physicians in their native country, and indeed a number of the most successful one in this country are the happy possessors of a few of these high tokens of very superior medical ability.

In Southern California.

6520 ACRES

Offered by the Southern California Land Company, 230 North Main Street, adjoining First National Bank.

1630 Shares at \$100 Each, In Installments of \$5.00 per Month Without Interest.

Not a Land Distribution, but An Investment of Money Each share will earn 5 per cent. per month on each \$100 for five years, and has the best real estate security.

Sixteen hundred and thirty shares at \$100 cach will buy the Fowler Ranch of \$520 acre with the present improvements and the prospective improvements to be made by the present owners at a cost to them of \$50,000. This splendid property is situated on the border line of Tulare and Kern counties, four miles west of the Valley Road of the Southern Pacific Railroad, and four miles north of the branch line to the oil wells and twelve miles west of the present line to San Francisco. A survey of the Santa Fe line has been made through the western portion of this tract.

Prospectus.

We are soliciting subscriptions for shares in an incorporation to be organized for the purpose of buying from the present owners the Fowler Ranch, containing 630 acres, situation to the border line of fulare and Kern counties, for 835 per acre, with its present improvements and with \$30,000 of improvements to be made by the owners and included in the price of \$25 per acre, as stated. This is not a land distribution, but an investment of money, with return of money and profits, by dividing the tract into 40 acres subdivisions, and after the improvements are made, selling at a future period at \$100 or more per acre. There will be 630 shares in the corporation at \$100 each, to be paid for in \$5 monthly installments without interest. On the sixth payment the subscribers will incorporate, will elect their officers, and the trustee they may appoint will receive a deed for 6500 acres, in escrow, clear of all incumbrances, with the certificate of title attached of the Abstract and Title Insurance Company of Los Angeles, to be delivered to the corporation when the purchase money is paid. The \$30,000 proposed improvements guaranteed by a deposit in bank of that amount, to be paid out to be contractors on certified vouchers as they progress with the work.

Description of the Property. The land is a rich, black loam, and is known as the Fowler Rauch. It was purchased many years ago by the late Senator Tom Fowler of Tulare, when he had the opportunity of obtaining the cream of Tulare and Kern counties. It is in the center of the artesian fruit and alfalfa belt: has upon it now a sample artesian well thowing 800,000 gallons, and is in the immediate vicinity of the largest flowing wells in the State.

The Present Price and What the Investment Will Pay.

The low rate of the purchase, \$25 per acre, with all the present and the projected improvements herein recited, made and paid for by the present owners, at a gost of \$30,000, mables us to guarantee at the lowest rate of sale in the future, say \$100 per acre within a years, an interest of 5 per cent a month oh each share of \$100 from the date of sub-

e years, an interest of oper central moters on each salar of short the measure of reption.

This tract has one section already fenced, a colony house, the present flowing well, recreaservoir, etc. The improvements to be made by the present owners will consist of irrigating canal of 12 miles, six more artesian wells as feeders, survey and division into acre tracts, survey and laying out of the town of Colonna, broad avenues through the titre property planted with trees, etc., etc.

The fall of the land is simicatent for drainage and admirably adapted for the conveyace of water by canal, as there is nothing to obstruct its course.

Sales of 6300 acres at \$100 per acre..... Sales of 880 town lots of one-quarter acre each...... 44,000 00

This would leave a surplus of \$22,000 after paying the interest of 5 per cent. per month. This surplus would meet all expenses for the full term; salary of superintendent, taxes, expenses attending sales and any extra improvements that the trusters might deem

The Southern California Land Company of Los Angeles now places this tract before the public and strongly recommends it for the investment of large or of small amounts. This company has conducted in the past seven years many large successful and deals in Los Angeles. Its record is without reproach, and its references include the leading citizens of Southern California. Its clients have numbered hundreds of investors in the Childs' tract. Urmston tract. City Center tract, etc. Its dealings have amounted to hundreds of housands of dollars and it stands today one of the most popular firms in this section of the state. An Interest of Five per cent. per Month Must Arrest Attent

An Interest of Five per cent per Month Must Arrest Attention.

An investment with perfect security and earning 5 per cent. per month on each \$100 share for a term of five years from the date of the first payment of \$5, must arrest the attention of every one. It will also be borne in mind that should the stockholders elect to seil at \$100 an acre within, say two years and a half, half of the time that we here propose, their investment will net them 10 per cent. per month for that period.

Full Security.

This is not a land distribution, but an investment of money with return of money and interest. Building associations and savings banks are all founded on real estate security and pay from 5 to 8 per cent. per year. Here you have not only the best real estate security your investment also earns 5 per cent. per month, and at the same time you own your own proportion of the land, 4 acres to each share, until it is sold by your own trustices, and then you have your division of profits.

The City Getting Ready for the World's Fair.

Dog-catchers Receive Merited Drubbing.

g Day of Los Angeles District M. E. Conference.

New Sewer Bids Called for-Personal Notes and Local Brevities.

Information is received from the Los Angeles headquarters that Pasadena, although not making much stir about the matter of exhibiting at the World's Fair, is doing about as much as any locality in the State. She has here located the Los Angeles county storage lot, which is well alled with promising plants and trees that filled with promising plants and trees that will be forwarded to Chicago in the spring. Donations are continually being made by our citizens to increase this portion of the

display.

J. H. Baker donated Tuesday two loquat

J.H. Baker donated tuesday two loquat-trees, two pepper trees and one Lamarque rose tree. These will be taken up and moved next week.

The Pasadena Nursery donates a large redwood tree that measures some fourteen feet high. An effort will be made to box it deet high. An effort will be made to box it and have it ready for shipment in the spring. They also donate a large rose tree that measures some fourteen feet high and has a spread of head of twelve feet. Beside these they are preparing 600 cypress for a hedge in Horticultural court and boxing two sequolas and two rubber trees. The Park Nursery Company are preparing quite a list of palms, etc.

T. P. Lukens is interested in getting up a curio display, the space that will be required for Pasadena's exhibit alone in this line will be something like 800 square feet. Mrs. J. Baker has expressed her willingness to put up some three or four dozen of jars of jellies and jams for the woman's department.

W. R. Baker of Bradford street, we un-W. R. Baker of Bradford street, we understand, is making extensive preparations for making a competitive display of his patent steam dryer and his desiccated fruit preparation. The California World's Fair Committee, with headquarters at the Chamber of Commerce, Los Angeles, has a full line of jars, tumbiers, etc., that are to be distributed among the ladies of the county who are willing to donate an exhibit in this line for the general exhibit.

CARRYING TENGS TOO FAR. CARRYING THINGS TOO FAR.

The youthful dog-catcher is becoming altogether too frisky. Yesterday afternoon A. Brigden, a well-known resident of Lamanda Park, drove into town in a wagon accompanied by his son and a handsome dog. He hitched his horse in front of the Carlton and left the dog lying under the wagon. Passing along the street a few minnies later, his attention was called to the fact that a couple of youthful dog-catchers were getting in their work on his canine. Mr. Brigden hastened to the scene of action, and just as the boys were tving a rope about the dog's neck, he administered a sound drubbing to them both, which caused them to desist very suddenly and depart with lamentation and weeping. The remainder of Mr. Brigden's dog's stay in Pasadena was undisturbed.

This is not the first case of the kind that has come to public notice. A similar attempt was made a few days ago to steal a dog from a lady who had driven in from the country. If a resident of some other community has not the right to bring a well-behaved dog to town without running the risk of having it stolen by a band of youthful hoodlums who find congenial occupation in this kind of work, it is high time that a change is effected. If the dog license ordinance is to be enforced, let it be done by responsible persons who are old enough to know when not to usurp their The vouthful dog-catcher is becoming al

done by responsible persons who are old enough to know when not to usurp their authority.

Y.M.C.A. QUANTERLY MEETING.

The quarterly business meeting of the Y.M.C.A., held Tuesday evening, was well attended. The reports of the several committees were presented by the respective chairmen. All were of an encouraging nature. Those present must have been specially impressed by the report of the committee in charge of the visitation of the sick, who have been carrying on a work of much good. Numerous visits have been made upon the sick, watchers furnished, and many who have died here away from family and friends have received the last rites under the auspices of the association. Y.M.C.A. QUARTERLY MEETING. The gospel services have been unusally well attended.

An interesting letter of greeting was read from the president of the association at Port from the president of the association at Port Antonio, Jamaica. The State convention, which will meet here next October, was discussed. Plans for this important event are already well under way and the local branch of the association will spare no pains to see that it is successfully con-After the business had been dispensed

Grand Republican Rally—Meetings of the City Council and School Board, That was a grand old-fashioned Republican rally held in McComas' Hall Tuesday

That was a grand old-fashioned Repub, lican rally held in McComas' Hall Tuesday night and a club was formed as a branch of the National League. The boys assembled early and the older Republicans expressed a desire to have the younger ones take the lead, and lean on the older ones for advice. Accordingly H. A. Broughton, Esw., was elected temporary rehairman, and Peter Ruth temporary secretary. The object of the meeting was then explained, and after some discussion a club was organized and the following officers elected H. A. Broughton, president; S. M. Haskell and Walter A. Lewis. vice-presidents: Peter Ruth, secretary, F. B. King, treasurer. A committee was appointed to suggest names for an Executive Committee, and also one on by-laws. Some rousing speeches were made by Judge Blades and Gen. Wasson, the latter requesting at the end of his remarks that three cheers be given for Harrison and Reid, which were given with a vim that awakened Pomona from one end to the other. The name of the club is the Pomona Republican Club, and it will nold its next meeting July 5 at McComas Hall. It will undoubtedly do some fine campaign work. The City Council held a meeting Tuesday evening for the purpose of ratifying the work of the Board of Education in accepting the plans for the new school buildings. A resolution was also passed requesting the San Antonio Electric Light and Power Company to surface and paint their poles white from the ground up, in the territory bounded by White avenue, Palomares street. Holt and Fifth avenue. The board then adjourned.

Holt and Flith avenues. The board then adjourned
The Board of Education has just completed one of the longest sessions in the history of the board. It convened Monday morning about 10 o'clock, and did not adjourn except for recess until Tuesday night at midnight. It was making vain endeavors to select plans for the new school buildings. There were seventeen plans, by fourteen different architects, but the board finally agreed upon the plans of C. I. Haas of Los Angeles. The plans cost the architects in the neighborhood of \$100 each. The board is now advertising for bids, which will be opened July 15 and work begun at once.

Holt and Fifth avenues. The board then

SAN BERNARDINO.

Since the decision of the Supreme Court was renderea, cutting off the salaries of the deputies in county offices, these deputies have been devoting much time to the study of the constitution and laws of California and have found some things which they do not altogether understand. Section 19, Art. V. of the Constitution of California provides for the salaries of State officers. After stipulating the sum which the Governor, Lieutenant-Governor, Secretary of State, Comptroller, Treasurer, Attorney-General and Surveyor-General shall receive, it added a proviso that the Legislature may diminish, b t in no case increase the salaries. It then adds: "No salary shall be authorized by law for clerical service in any office provided for in this article, exceeding \$1600 per annum for each clerk employed." An examination of the Political Code shows that all deputies are held to be clerks. An examination of the California Blue Book shows that in the Secretary of State's office one deputy is paid \$2400 and two book-keepers \$2000 each per annum. In the State Controller's office one deputy is paid \$2400 and a book-keeper \$2000 a year. In the Treasurer's office a deputy receives a \$2400 and a book-keeper \$2000 a year. In the Treasurer's office a deputy receives a \$2400 and a book-keeper \$2000 a year. In the paid, when they are so plainly in violation of the Constitution of the State, which has never been amended so as to admit of such salaries?" SAN BERNARDINO.

The list of teachers for the San Bernar-

The list of teachers for the San Bernardino schools for next year has been completed, the last teacher accepting yesterday. The list includes twenty-two teachers that were in these schools last year and ten new ones, part of whom replace old teachers, dismissed or resigned.

Superintendent Alex E. Frye, made famous through his mind charts, remains as City Superintendent of Schools, principal of the High school and teacher of mental science and methods of teaching. The other teachers of the High school are: N. A. Richardson, mathematics and geology Hattie Mason Willard, English literature and history; W. S. Thomas, Latin, German and English; D. C. Eckert, natural and physical sciences. The board considers the corps of teachers, as it is now constituted, the best that the city has ever had.

New Phase of the Water-rate War—General News Notes.

The difficulty between the town of Ventura and the Santa Ana Water Company over water rates has assumed a new phase. This time the town will begin an action against the company to recover all money paid it for water used in sprinkling the streets and used for fire purposes. The suit will be based on a law passed in 1852, and the City Attorney says it will be vigorously prosecuted. The amount will be very large as it takes in the time since the company was organized many years ago.

Under the new time card, which goes into effect on the first of July, there will be but one train to Los Angeles a day, that in the evening. The train which leaves here at 2 p.m. will connect at Saugus for the train going to San Francisco.

SANTA ANA.

The friends of Henry Schneider, a former well-known young man of this city, who was found dead in Golden Gate Park. who was found dead in Golden Gate Park. San Francisco, last Monday, mention of which was made in yesterday's Times, are greatly pained to learn of his sad and tragic end. While a resident of this city young Schneider was a bright and popular young man, having a host of very warm friends. But little is known of his carcer in San Francisco, but one of his friends said to The Times reporter yesterday that he had heard the young man had taken to drink and by this downward step had lost several good drug positions in the past few several good drug positions in the past few months. His friends now believe that he

several good drug positions in the past few months. His friends now believe that he became despondent, and in an hour of dissipation resolved to end his existence.

The San Francisco Examiner of June 28 gives the following account of the finding of the body:

"Timothy Welsh and Timothy Hogan, who are employed in the Park conservatory, were on their way to work systerday morning when they discovered the badly decomposed remains of a man in a clump of bushes. About fifty feet away from the Geary street entrance.

It is in such a terrible condition that the only hope of identification is by means of the clothing. Near the body was an empty vial which is supposed to have contained poison, and in the coat pocket was found the following note, scrawled on a sheet of writing paper: "Please give me to some medical college for a stiff." A Masonic monitor, with the names of William Carel Fisher and Charles Peter Schneider, of Santa Ana Lodge, 241, Santa Ana, Cal, was also found in the coat pocket.

The body had evidently been in the brush for several weeks. The deceased wore a black double-breasted coat and vest marked "Keller. Oakland," and a pair of lavender-colored pantaloons, embroidered slippers, black stockings and a white shirt and cuffs with a bar of red running through them."

the young man's mother, who lives at Santa Rosa, notified of his untimely end.

A MINISTER'S TIN WEDDING. Fully 200 friends of Rev. P. B. Jackson Fully 200 friends of Rev. P. B. Jackson and wife assembled at Congregational Hall Tuesday night for the purpose of informing the reverend gentleman and his estimable wife that upon that evening ten years ago there was a quiet wedding in a little vine-covered cottage in a remote portion of the State of South Carolina, and that the principles of that quiet little affair were now residents of Santa Ana in the persons of Rev. P. B. Jackson and wife, Many articles of tin were in the pulpit to remind the bride and groom of ten years ago that the assembled friends were celebrating their tin wedding. A well-filled tin purse was presented to Mr. and Mrs. Jackson, after which a selected musical programme was rendered, followed by refreshments and a good, social time.

At a meeting of the board of directors of the First National Bank, held Tuesday afternoon, a semi-annual dividend of 4 per cent was declared and J. S. Rice of Tustin was elected a director vice M. M. Crookshank, resigned.

All parties having palms and vines for decorating French's Operahouse for the entertainment Saturday night are requested to have the same at the operahouse Friday afternoon. Roses and other flowers should be brought in Saturday morning, at which time the decorating committee is expected to be present to arrange them.

The meeting of 'horticulturists, members

The meeting of horticulturists, members of the Board of Supervisors and prominent fruit.growers of the several southern counties in this city last Tuesday was one of the most important meetings ever held in the county. If the meetings are continued in the work as outlined at the present time great good, not only to the fruit-growing

sections, but to all sections of the six south ern counties will result.

The Board of Trustees held a special meeting yesterday afternoon to consider various questions, upon which action was taken as follows:

In regard to precautions against accidents on the Fourth, the Marshal was authorized to employ five deputies to be on

In regard to precautions against accidents on the Fourth, the Marshal was authorized to employ five deputies to be on duty all day and two night watchmen. He was instructed to notify all citizens to remove all rubbish and inflammable materials from their, yards and around buildings, and he was also instructed to strictly enforce the ordinance prohibiting the Bring of bombs and firecrackers on the public streets on the Fourth. It was made his duty, further, to test all the fire hydrants and to see that the engine, hook and ladder and hose carts are in good working order.

N. Hart appeared before the board and asked permission to erect a stable in the rear of his new brick building corner of center and Hermine streets, said stable to have roof and front of corrugated iron and offered a large flag, which he had made here by hand, for the use of the city for \$10. Mr. Cahen soffer was accepted.

In the matter of street sprinkling it was ordered to advertise for bids for sprinkling Center, Los Angeles and Lemon streets for a period of three years, bidder to use a Studebaker sprinkler with Niagara attachment. Contractor to furnish \$1000 bonds. A cement walk was ordered laid in front of the new City Hall, in the recess and approach to the stairway.

In the matter of reinsuring the waterworks and jail property, the present policy expiring on July 12, it was ordered to enough the property of the same company, the Ætna, for another year.

The fire engine has been overhauled and

COL. JOHN W. FOSTER.

What "Jayhawker" Knows Abou the New Secretary of State.

The Largest Man in all Respects That In diana Has Ever Given to the Public Service-His War

Record.

IN THE DEN, June 29.

The President has at last made an appointment which he no doubt would have made when he went into office, had it not been for the unfortunate agreement to appoint Blaine as a return for the Presidential nomination as agreed upon between himself and Mr. Elkins, who was acting for Mr. Blaine. Col. John W. Foster is the largest man in all respects which the State of Indiana has en to the public service. He was a lawyer-editor when the civil war be gan, and though of delicate physique he at once enlisted, and was made major of his regiment, the Twenty-afth Indiana Infantry. He was promoted to lieutenant-colonel and then colonel, and lieutenant-colonel and then colonel, and resigned in the fall of 1864 in broken health. His military record was marked by a close attention to duty. In 1876 he was chairman of the Republican State Central Committee, Hon. G. S. Orth being the candidate for Governor. Four weels prior to the election serious charges were brought against Mr. Orth. He was called upon to deny them, which he refused to do, and Col. Fostor, knowing that defeat must result, removed him from the ticket and substituted Mr. Benjamin Harrison, who was defeated after a heroic campaign. This was Harrison's start in political life. It was known when he went on the ticket that he would be defeated, but some one had to be sacrificed for the party, and Gen. Harrison went to his defeat manfully. That was the bravest and greatest act of his life. In the owned the one resigned in the fall of 1864 in broken

Gen. Harrison went to his defeat manfully. That was the bravest and greatest act of his life—but he owed the opportunity to Col. Foster.

Those who have the pleasure of an
intimate acquaintance with Col. Foster
recognize his ability. He is levelheaded, never going off at half-cock,
in the midst of all the jealousies growing out of political ambitions of Indiana
leaders, he has remained friendly with
all, being always true to his county and
party.

all, being always true to his county and party.

When the office of Postmaster-General in Mr. Arthur's Cabinet became vacant, the Republicans of Indiana sent s petition to the President, by the hands of Col. Foster, asking the appointment of Hon. W. H. Calkins to fill the vacancy. I was with Col. Foster when he handed the paper to the President. The first name on the list was that of Judge Gresham. Said Mr. Foster: "Mr. President, you will observe that Gen. Gresham, whom we regard as one of the greatest and best men in Indiana.

Gen. Gresham, whom we regard as one of the greatest and best men in Indiana, urges the appointment."

"How would Gresham de for Postmaster-General? asked the President."

"A better selection could not be made in Indiana," was Col. Foster's reply.

"Do me the kindness to telegraph him and ask him if he will accept the office."

Col. Foster knew that the best of feel-

ing did not exist between Judge Gresham and Gen. Harrison, who was Gresham and Gen. Harrison, who was then Senator, but he treated the Senator with the courtesy which his office demanded, and the telegram, when sent, was to Gen. Harrison, asking him to make the inquiry for the President. The whole thing was done gracefully, and with a tact which showed the thoughtful character of Mr. Foster.

In 1883-4 I found quite a sentiment in favor of Col. Foster as Indiana's candidate for Vice-President—a sentiment which he modestly refused to encourse.

which he modestly refused to encourse age. Had he been willing to do so, he could have been on the ticket in place of Gen. Logan. Col. Foster is now in his mental and physical prime, with a wider knowledge of the affairs of our Correspond to the second s Government than any man living—not excepting Senator Sherman. It is not in diplomacy alone that Mr. Foster excels; he has great executive ability—always cool, deliberate and entirely devoted to his Government. In the performance of a public data to the performance of a public data to the performance of a public data. rotate to his Government. In the per-formance of a public duty he always sinks himself and recognizes only his obligations to the public. Without noise or parade, the affairs of the State Department will be wisely administered, and the President win many viser in all public matters.

JAYHAWKER. and the President will have a safe ad

MARRIAGE LICENSES.

Seven Couples Licensed to Wed by the County Clerk, Marriage licenses were issued at the

County Clerk's office yesterday to the following persons: E. M. McClure, a native of Missouri

6520 ACRES

Offered by the Southern California Land Company, 230 North Main Street, adjoining First National Bank.

1630 Shares at \$100 Each. In Installments of \$5.00 per Month Without Interest.

Not a Land Distribution, but An Investment of Money Each share will earn 5 per cent. per month on each \$100 for five years, and has the best real estate security.

Sixteen hundred and thirty shares at \$100 each will buy, the Fowler Ranch of 600 acre with the present improvements and the prospective improvements to be made by the present owners at a cost to them of \$80,000. This splendid property is situated on the border line of Tulare and Kern counties, four miles west of the Valley Road of the Southern Pacific Ralivoad, and four miles north of the branch line to the oil wells and twelve miles west of the present line to San Francisco. A survey of the Santa Fe line has been made through the western portion of this tract.

Prospectus.

We are soliciting subscriptions for shares in an incorporation to be organized for the purpose of buying from the present owners the Fowler Ranch, containing 652 acres, situate on the border line of Tulare and Kern counties, for 825 per acre, with its present improvements and with 830,000 of improvements to be made by the owners and included in the price of 825 per acre, as stated. This is not a land distribution, but an investment of money, with return of money and profus, by dividing the tract into 40 acres subdivisions, and after the improvements are made, selling at a future period at 800 or more per acre. There will be 639 shares in the corporation at 800 each, to be paid for in 85 monthly installments without interest. Ou the sixth payment the subscribers will incorporate, will elect their officers, and the trustee they may appoint will receive a deed for 650 acres, in escrow, clear of all incumbrances, with the certificate of title attached of the Abstract and Title Insurance Company of Los Angeles, to be delivered to the corporation when the purchase money is paid. The 830,000 proposed improvements guaranteed by a deposit in hank of that amount, to be paid out to the contractors on certified vouchers as they progress with the work

Description of the Property.

Description of the Property.

The land is a rich, black loam, and is known as the Fowler Ranch. It was purchased many years ago by the late Senator Tom Fowler of Tulare, when he had the opportunity of obtaining the cream of Tulare and Kern counties. It is in the center of the artesian, ruit and alfalfa belt: has upon it now a sample artesian well flowing 800,000 gallons, and is in the immediate vicinity of the largest flowing wells in the State.

The Present Price and What the Investment Will Pay.

The low rate of the purchase, \$20 per acre, with all the present and the projected improvements herein recited, made and paid for by the present owners, at a cost of \$3,000, enables us to guarantee at the lowestrate of sale in the future, say \$100 per acre within \$1 e years, an interest of 5 per cent a month on each share of \$100 from the date of subscription.

The tract has one section already fenced, a colony house, the present flowing well, the tract has one section already fenced, a colony house, the present swing well, large reservoir, etc. The improvements to be made by the present owners will consist of an intigating canal of 12 miles, six more artesian wells as feeders, survey and division into became tracts, survey and laying out of the town of Colonna, broad avenues through the entire property planted with trees, etc. etc.

The fall of the land is sufficient for drainage and admirably adapted for the conveyance of water by canal, as there is nothing to obstruct its course.

How the 5 per cent. per Month on Each \$100 is to be Earned for the Five Years.

Many well-known citizens thoroughly versed in the capabilities of lands in Southern California double the estimate that we here set forth of \$100 per acre within five years, and assert that at the end of that time this splendid body of land, improved as proposed, with water conveyed to each tract, will command readily and quickly \$200 per acre. But we place it at the low figure named, \$100 per acre, and any larger amount that it may be sold for will increase the percentage which we claim it will earn at our figures.

6520 acres at \$25 per acre, with the improvements included. Interest at 5 per cent, per month from commencement of subscription to

the end of the five years on 1630 shares..... \$652,000 00 Sales of 6300 acres at \$100 per acre..... Sales of 880 town lots of one-quarter acre each...... 44,000 00

This would leave a surplus of \$22,000 after paying the interest of 5 per cent. per month. This surplus would meet all expenses for the full term; salary of syperintendent, taxes, expenses attending sales and any extra improvements that the trustees might deem Placed Before the Public for Investment.

The Southern California Land Company of Los Augeles now places this tract before the public and strongly recommends it for the investment of large or of small amounts. This company has conducted in the past seven years many large successful land deals in Los Angeles. Its record is without reproach, and its references include the leading citizens of Southern California. Its clients have numbered hundreds of investors in the Childs' tract, Urmston tract. City Center tract, etc. Its dealines have amounted to hundreds of thousands of dollars and it stands today one of the most popular firms in this section of the state.

An Interest of Five per cent, per Month Must Arrest Attention An investment with perfect security and earning 5 per cent. per month on each \$100 share for a term of five years from the date of the first payment of \$5 must arrest the attention of every one. It will also be borne in mind that should the stockholders elect to sell at \$100 an acre within, say two years and a half, half of the time that we here propose, their investment will not them 10 per cent. per month for that perfod.

Full Security.

This is not a land distribution, but an investment of money with return of money and interest. Building associations and savings banks are all founded on real estate security and pay from 5 to 8 per cent, per year. Here you have not only the best real estate security but your investment also earns 5 per cent per month, and at the same time you own your own proportion of the land, 4 acres to each share, until it is sold by your own trustees, and then you have your division of profits.

Youthful Dog-catchers Receive Merited Drubbing.

losing Day of Los Angeles District M. E. Conference.

d Work Being Done by the Y.M.C.A. New Sewer Blds Called for-Personal Notes and Local

Information is received from the Los Angeles headquarters that Pasadena, although not making much stir about the matter of exhibiting at the World's Fair, is doing about as much as any locality in the State. She has here located the Los Angeles county storage lot, which is well filled with promising plants and trees that will be forwarded to Chicago in the spring. Denazions are continually being made by

ased inity sian, and

CO.,

our citizens to increase this portion of the J. H. Baker donated Tuesday two loquat trees, two pepper trees and one Lamarque rose tree. These will be taken up and moved next week.

Donations are continually being made by

rose tree. These will be taken up and moved next week.

The Pasadena Nursery donates a large redwood tree that measures some fourteen feet high. An effort will be made to box it and have it ready for shipment in the spring. They also donate a large rose tree that measures some fourteen feet high and has a spread of head of twelve feet. Beside these they are preparing 600 cypress for a hedge in Horticultural court and boxing two sequoias and two rubber trees. The Park Nursery Company are preparing quite a list of palms, etc.

T. P. Lukens is interested in getting up a curio display, the space that will be required for Pasadena's exhibit alone in this line will be something like 800 square feet. Mrs. J. Baker has expressed her willingness to put up some three or four dozen of lars of jellies and jams for the woman's department.

department.

W. R. Baker of Bradford street, we understand, is making extensive preparations for making a competitive display of his patent steam dryer and his desiccated fruit preparation. The California World's Fair Committee, with headquarters at the Chamber of Commerce, Los Angeles, has a full line of jars, tumbiers, etc., that are to be distributed among the ladies of the county who are willing to donate an exhibit in this line for the general exhibit.

CARRYING THINGS TOO FAR.

The youthful dog-catcher is becoming al-

CARRYING THINGS TOO TAR.

The youthful dog-catcher is becoming altogether too frisky. Yesterday afternoon A. Brigden, a well-known resident of Lamanda-Park, drove into town in a wagon accompatied by his son and a handsome dog. He hitched his horse in front of the Carlton and left the dog lying under the wagon. Passing along the street a few minnites later, his attention was called to the fact that a couple of youthful dog-catchers were getting in their work on his canine. Mr. Brigden hastened to the scene of action, and just as the boys were tving a rope about the dog's neck, he administered a sound drubbing to them both, which caused them to desist very suddenly and depart with lamentation and weeping. The remainder of Mr. Brigden's dog's stay in Pasadena was undisturbed.

This is not the first case of the kind that has come to public notice. A similar attempt was made a few days ago to steal a dog from a lady who had driven in from the country. If a resident of some other community has not the right to bring a well-behaved dog to town without running the risk of having it stolen by a band of youthful hoodlums who find congenial occupation in this kind of work, it is high time that a change is effected. If the dog license ordinance is to be enforced, let it be done by responsible persons who are old enough to know when not to usurp their authority.

Y.M.C.A. QUARTERLY MEETING. The youthful dog-catcher is becoming al-

T.M.C.A. QUANTERLY MEETING.

The quarterly business meeting of the Y.M.C.A., held Tuesday evening, was well attended. The reports of the several committees were presented by the respective chairmen. All were of an encouraging nature. Those present must have been specially impressed by the report of the committee in charge of the visitation of the sick, who have been carrying on a work of much good. Numerous visits have been made upon the sick, watchers furnished, and many who have died here away from family and friends have received the last rites under the auspices of the association. The gospel services have been unusually well

The gospel services have been unusally well attended. An interesting letter of greeting was read An interesting letter of greeting was read from the president of the association at Port Antonio, Jamaica. The State convention, which will meet here next October, was discussed. Plans for this important event are already well under way and the local branch of the association will spare no pains to see that it is successfully conducted.

ducted.

After the business had been dispensed with the members of the Ladies' Central Committee served refreshments, which pleasantly closed an evening of profit and enjoyment.

THE CLOSING DAY.

The Los Angeles District Methodist Episcopal Conference closed vesterday evening

opal Conference closed vesterday evening after a three days' session.

The conference assembled at an early hour yesterday morning in order to dispense with a considerable amount of business. All reports held over from Tuesday were read. Considerable time was devoted to the renewal of licenses to local preachers, or the recommendation of their cases to the quarterly conference. M. M. Parker, Mr. Healey, Mr. Carson and A. J. Wallace of the First Church of Pasadena had their licenses renewed. Licenses to preach were granted to the following: B. G. Lee and G. L. Moxey of Covina: T. R. Warren of Ivanhoe; Frank Lapham, J. R. Ross, H. W. Cummings, S. A. Carnes of University, and Messrs. Bush and Bolt.

Secretary Bunker read a report from the Woman's Home Missionary Society, after which the morning session adjourned.

The afternoon session was taken up with reports from the general conference by Rev. Dr. W. S. Matthew and Hon. P. M. Green, after which the time was devoted to Epworth League mattiers, addresses being delivered by Rev. Dr. A. C. Williams, Rev. E. A. Healey and others. In the evening there was a love-feast, on which occasion a number of short addresses were made. Some of the delegates returned to Los Angeles last night. after a three days' session

Three weeks Longer.

The bids for the completion of the sewer system which were opened Tuesday have been declared N. G. A special meeting of Council was held yesterday morning, when it was decided to reject all bids, for the reason that the jowest bidder—the California Bridge Company of San Francisco—had falled to comply with the formality of forwarding a properly certified check as an advance deposit. The clerk was instructed to advertise for new bids, which will be opened on July 18. The work is, therefore, necessarily postponed another three weeks.

PASADENA RREVITIES.

Prof. T. S. C. Lowe is in San Francisco.

Where are you going to spend the Fourth? THREE WEEKS LONGER

There is nothing to complain about in uch weather as this.

A meeting of Pasadena Commandery was all yesterday evening. T. P. Lukens returned yesterday from business trip to Perris.

Judge Knight's handsome new reside on Marengo avenue is well under way. T. J. Jean expects to go to Catalina to-norrow to spend some time on the island. Homer Young leaves today for Chicago. His many friends here will be sorry to see

Miss Pauline Christ is spending a few days at Long Beach. She will return on Saturday. City Attorney Arthur says he is getting tired of that familiar refrain; "Where did you get that hat?"

It was a trifle warm yesterday, but a man who had just arrived from St. Louis said it was very cool by comparison.

The party of Yosemite tourists, who started north yesterday in wagons, expect to be absent about two months.

Prof. Will S. Monroe left for the North Tuesday. After a short stay at Stanford University he will go to Pacific Grove.

Charley Swan was kept busy all day yesterday exchanging cigars for congratulations. It is a boy and everybody is happy and doing well.

Messrs. J. W. and R. T. Vandevort have been making some remarkable catches in the fish line at Catalina. They are expected home tomorrow.

The Marengo Circle of the C.L.S.C. will

The Marengo Circle of the C.L.S.C. will hold its annual social this evening at the residence of Miss Boynton, No 134 North Marengo avenue.

Marengo avenue.

Saturday the circus will be in town. Tomorrow afternoon the Republican and Democratic ball players will take their turn at entertaining the populace.

Mr. and Mrs. J. W. Hugus have issued invitations among a small circle of friends for a card party to be given this evening at their residence on the Highlands.

Judge B. S. Eaton of South Pasadena passed through town yesterday afternoon en route for the top of Mt. Wilson, where he will spend a few days at one of the

Mike Irwin, whom Pete Steil's emporium

camps.

Mike Irwin, whom Pete Steil's emporium brought into local prominence, has got himself mixed up in a dog scrape, but the chances are that he will extricate himself without baving his fair name tarnished by a conviction of any sort.

Capt. Simpson's and Col. Banbury's respective teams of whist players will have the final set-to tomorrow night at the Pickwick Club rooms, and later in the evening a supper will be served at the expense of the side that loses. At present Capt. Simpson's players are in the van.

The Massot is to be given at the Los Angeles Theater on the evening of July 8 under the direction of C. Stewart Taylor and C. W. Kyle of this place. Other Pasadenians who will have solo parts are Mrs. Clapp and Mr. Logle, the photographs of whom may be seen in Suesserott's window, at which place seats are now on sale.

The wedding of T. F. McGarry and Miss Neille Fuschia, which was solemnized at the San Gabriel Mission Tuesday afternoon, was attended by a party of Pasadena friends. At the conclusion of the ceremony, the happy couple were driven to their new home on Hudson avenue. Rev, Father Scannell of Pasadena officiated.

Grand Republican Rally—Meetings of the City Council and School Board. That was a grand old-fashioned Repub-, lican rally held in McComas' Hall Tuesday night and a club was formed as a branch

and Ontario-San Antonio Canyon Propects-General News Notes and Personals.

SAN BERNARDING.
Since the decision of the Supreme Courtvas rendered, cutting off the salaries of Since the decision of the Supreme Courtwas rendered, cutting off the salaries of the deputies in coupty offices, these deputies have been devoting much time to the study of the constitution and laws of California and have found some things which they do not altogether understand. Section 19, Art. V. of the Constitution of California provides for the salaries of State officers. After stipulating the sum which the Governor, Lieutenant-Governor, Secretary of State, Comptroller, Treasurer, Attorney-General and Surveyor-General shall receive, it added a proviso that the Legislature may diminish, b t in no case increase the salaries. It then adds: "No salary shall be authorized by law for clerical service in any office provided for in this article, exceeding \$1600 per annum for each clerk employed." An examination of the Political Code shows that all deputies are held to be clerks. An examination of the California Blue Book shows that in the Secretary of State's office one deputy is paid \$2400 and two book-keepers \$2000 a year. In the Treasurer's office a deputy receives a \$2400 and a book-keeper \$2000 a year. In the Treasurer's office a deputy receives a \$2400 and a book-keeper \$2000 a year. In the Treasurer's office a deputy receives a \$2400 and a book-keeper \$2000 a salary. The question the "deputies out of a job" are asking is, "How can the above salaries be paid, when they are so plainly in violation of the Constitution of the State, which has never been amended so as to admit of such salaries?"

MIND THEIR CHARTS AND CHART THE MINDS.

MIND THEIR CHARTS AND CHART THE MINDS.

The list of teachers for the San Bernardino schools for next year has been com-

dino schools for next year has been completed, the last teacher accepting yesterday. The list includes twenty-two teachers that were in these schools last year and ten new ones, part of whom repiace old teachers, dismissed or resigned.

Superintendent Alex E. Frye, made famous through his mind charts, remains as City Superintendent of Schools, principal of the High school and teacher or mental science and methods of teaching. The other teachers of the High school are: N. A. Richardson, mathematics and geology; Hattie Mason Willard, English literature and history; W. S. Thomas, Latin, German and English; D. C. Eckert, natural and physical sciences. The board considers the corps of teachers, as it is now constituted, the best that the city has ever had.

RIVERSIDE. Miss Douglas, Miss Barber and their uncle, James Hewetson, and his daughter, will start today for Canada. They spent the winter in Kiverside. B. C. Jordan is spending a week at Arch

Beach.

The prizes to be won at the Athletic tournament on the Fourth will be presented to the successful contestants between the first and second acts of The Confederate Spy that evening at the Loring.

Action is being taken by citizens of Hall's Addition to prevent further closing of streets in that part of the city.

Rev. C. F. Winbigler of this city is to be one of the lecturers at the Chautauqua assembly at Long Beach next month.

O. T. Dyer is back from an extended visit at San Francisco.

Mrs. Dr. Way and daughter have gone to

The Seventh street school building is to be repaired during the vacation.

Medals won by a thletes who will take part in sports on Monday are on exhibition in J. M. Johnson's and Heath & Morrison's store windows.

J. L. Noyes is fully recovered from an ill. ness of several weeks' duration.

C. C. Birdsall will soon go to the Circle City to engage in business.

Several of the cyclers took a spin down Magnolia avenue last evening.

J. M. Bell and wife went to Pomona yesterday for a visit with their son.

The family of Walter Keith will spend the summer at Arch Beach.

Yesterday afternoon Mrs. H. J. Brown was badly burned about the head and face by an explosion of a gasoline stove. Al-The Seventh street school building is to

by an explosion of a gasoline stove. Al-though painful, and it may be serious, it is not thought that fatal results will follow.

REDLANDS,

A. A. Courteney will go this week with his family to Bear Valley, where the summer is to be spent by them. The Bear Valley region is becoming a favorite resort for Redlands citizens, and ere the summer is passed most of the residents of this city will have been visitors to that place. will have been visitors to that place.

Mrs. Julia A. Woodhull has purchased of
H. H. Daniels two lots in the Altadena
tract, for which she paid \$430. Mr. Daniels has also sold two other lots in this

tract, for which she paid \$430. Mr. Daniels has also sold two other lots in this place.

G. E. Harpham is constructing a fine stone and cement curb and gutter 168 feet in length in front of his property on Center street and Highland avenue.

The Presbyterian Church property is being improved. The lot south of the church has been pairned.

City Trustee C. A. Kingsbury has rented a cottage at Del Mar, and his family will soon depart for that place for the summer.

H. H. Daniels expects to start soon for Michigan to spend the summer.

The Southern Pacific Company is laying the motor track along the Southern Pacific track to the new Southern Pacific track to the new Southern Pacific depot in this city. This will land passengers further from the center of the city, but at a fine depot and waiting-room.

The peach crop of this region will be a large one.

The San Francisco Examiner of June 28 gives the following account of the finding of the body:

"Timothy Welsh and Timothy Hogan, who are employed in the Park conservatory, were on their way to work yesterday morning when they discovered the badly decomposed remains of a man in a clump of bushes. About fifty feet away from the Geary street entrance.

It is in such a terrible condition that the only hope of identification is by means of the clothing. Near the body was an empty vial which is supposed to have contained poison, and in the coat pocket was found the following note, scrawled on a sheet of writing paper: "Please give me to some medical college for a stiff." A Masonic monitor, with the names of William Carel Fisher and Charles Peter Schneider, of Santa Ana Lodge, 241, Santa Ana, Cal., was also found in the coat pocket.

The body had evidently been in the brush for several weeks. The deceased wore a black double-breasted coat and vest marked "Keller, Oakland," and a pair of lavender-colored pantaloons, embroidered slippers, black stockings and a white shirt and cuffs with a bar of red running through them."

The body has since been identified, and the young man's mother, who lives at Santa Rosa, notified of his untimely end. A MINISTER'S TIN WEDDING. Fully 200 friends of Rev. P. B. Jackson Fully 200 friends of Rev. P. B. Jackson and wife assembled at Congregational Hall Tuesday night for the purpose of informing the reverend gentleman and his estimable wife that upon that evening ten years ago there was a quiet wedding in a little vine-covered cottage in a remote portion of the State of South Carolina, and that the principles of that quiet little affair were now residents of Santa Ana in the persons of Rev. P. B. Jackson and wife, Many articles of tin were in the pulpit to remind the bride and groom of ten years ago that the assembled friends were celebrating their tin wedding. A well-filled tin purse was presented to Mr. and Mrs. Jackson, after which a selected musical programme was rendered, followed by refreshments and a good, social time.

A pretty cottage is being erected by Prettyman in Lugonia Park.

A petition has been prepared and will be presented to the Board of City Trustees at its meeting this morning, asking that that portion of Alvarado street lying south of Highland avenue be closed. The south end of Alvarado street terminates in private property and has no outlet save through a private drive. If closed it will cut off 360 feet of street.

The firemen will give a social ball at the old Lug:nia Operahouse on Saturday evening.

A little after 2 o'clock yesterday after noon there assembled in the town hall at Colton a delegate convention to take fur-

A little after 2 o'clock yesterday afternoon there assembled in the town hall at
Colton a, delegate convention to take further action respecting the building of the
County Courthouse. Each section casting a
majority vote against bonds at the special
election sent delegates as follows: Alessandro 1, Banning 1 Chino 1, Colton 2,
Cucamonga 1, East Colton 1, East Riverside 1, Needles 1, Ontario 3, Redlands 5,
Riverside 12, Riverside Heights 1, Rincon
1, South Riverside 2, Union 1, West Riverside 1, making a total of 36 d.legates. In
addition to the delegates there were a few
spectators from various places.

The meeting was called to order by H. H.
Sinclair, who read the call of the meeting,
stating that it was for the purpose of
opposing the direct tax for the building of
the Courthouse. Upon motion, Wilson
Hays was elected permanent chairman,
and George L. Joy of South Riverside, and
George Cooley o Colton, vice-chairman,
and George L. Joy of South Riverside, and
George Cooley o Colton, vice-chairman,
and George Cooley o Colton, vice-chairman,
and George Codely o Colton, rice-chairman,
and George Codely o Colton, vice-chairman,
and George Codely o Colton, vice-chairman,
and George Codely o Colton, was made permanent secretary. A committee of five on
credentials and another of seven on resolutions, were appointed by the chair. The
Committee on Credentials reported thirtyfour out of the thirty-six present. After a
recess of an hour for deliberation
the Committee on Resolutions made
a lengthy report, in which it was
stated that the evidence of the bond election is unmistakably to the effect that the
electors oppose the expenditure for the
Courthouse of a sum not to exceed 10 cents
on a \$100, and it was resolved that the Supervisors should be mindful of this expression, and in view of the heavy taxes now
levied for schools and water, and of the desire for Eastern capital, that the tax levy
for all purposes should not exceed \$1.50
and that a committee of five be selected to
wait upon the Supervi

San Antonio Cañon promises to be one o the most popular mountain resorts in South-ern California this summer. For the past two years there has been but little camp two years there has been but little camping in the canon on account of objections raised by the people of Ontario and Pomona, who use the creek water for domestic purposes. This year, however, the fine road constructed by the San Antonio Light and Power Company, makes accessible a portion of the canon where there is plenty of camping ground back from the stream and Power Company, makes accessible a portion of the cañon where there is plenty of camping ground back from the stream. A restaurant has already been opened and a stage will begin to make regular daily trips next week, connecting with the Euclid avenue street car line. The popular camping place will be in the neighborhood of Hogsback, at an altitude of about 3000 feet. The mountain air, the shade of pines and alders, the good fishing and the nearness of such high peaks as Baidy will attract many visitors.

A large amount of fruit will be shipped into Ontario this summer for the cannery and the evaporator. Orchards have been contracted for at Anaheim, Azusa, Glendora, Pomona, Cucamonga, Redlands, San Ber nardino and Banning.

L. W. Stele and Mitchell & Butterfield are shipping a good deal of green fruit to Arizona, New Mexico and Colorado. Last week three tons were shipped, mostly by express, and a ton a day will be sent out as soon as the peaches begin to ripen.

Some enterprising Ontario capitalist ought to put up a few houses to rent. The families who are coming in to work in the cannery find it difficult to get rents.

SANTA BARBARA COUNTY. Superior Court to Take a Vacation—Republican County Central Committee.

The Superior Court will take a vacation in July, and Judge Waiter B. Cope will spend the greater part of the month in Contra Costa county and elsewhere in the

spend the greater part of the month in Contra Costa county and elsewhere in the northern part of the State, He leaves Saturday on the steamer.

The County Central Republican Committee meets in the office of J. W. Taggart at 2 p.m. on Saturday to elect delegales to the State convention at Sacramento, the 26th of July.

W. H. Mead, State secretary of the Young Men's Christian Association, visited the local organization in Santa Barbara on Tuesday, and the committee had a very pleasant tea party Tuesday evening.

Star King Post, G.A.R., at a meeting held on Tuesday evening for the purpose of making arrangements in regard to the district encampment at Ventura in July. A committee of five was appointed who are to meet the ladies of the Relief Corps and confer with them at their meeting on Friday evening. The post voted to go down to Ventura in a body on Saturday of the encampment. An invitation was extended to the Sons of Veterans to accompany them. The matter of the entertainment of the sourades on the day they visit Santa Barbara was also discussed, but no definite action was taken.

VENTURA COUNTY. New Phase of the Water-rate War-Gen-eral News Notes. The dimculty between the town of Ven-tura and the Santa Ana Water Company over water rates has assumed a new phase.

over water rates has assumed a new phase. This time the town will begin an action against the company to recover all money paid it for water used in sprinkling the streets and used for fire purposes. The suit will be based on a law passed in 1852, and the City Attorney says it will be vigorously prosecuted. The amount will be very large as it takes in the time since the company was organized many years ago. Under the new time card, which goes into effect on the first of July, there will be but one train to Los Angeles a day, that in the evening. The train which leaves here at 2 p.m. will connect at Saugus for the train going to San Francisco.

going to San Francisco.

The Weather U. S. WEATHER OFFICE, LOS ANGELES, June 29, 1892.—At 5:07 a.m. the barome-ter registered 29,93; at 5:07 p.m. 29.94. Thermometer for corresponding hours showed 50° and 76°. Maximum temperature, 84°; minimum temperature, 58°. Character of weather, cloudless.

An ice cream freezer that will freeze ice tream instantaneously and without labor or "muss" is surely an invention worthy of respectful notice and housekeepers will fall short of what is expected of them if they do not rise up and call this paper blessed for thus publicly directing their attention to the novelty-now on exhibition and for sale at the Cass & Smurr Stove Company's store, Nos. 224 and 226 South Spring street. Incredible as the statement may sound, the "Iceberg Freezer" will positively make ice cream in one second after the materials are put into it and the product is equal to the best ice cream made in any other manner. Champagne is frappéd in from five to seven minutes, any other process requiring from half to three-quarters of an hour, and wines, jellies, preserves, custards or fruit frozen with like saving of time and a saving also of 75 per cent. in ice. The freezers are adapted for families, restaurants, hotels, boarding-houses, saloons, drug stores and all places where ice cream is used.

At 9:45 last night an alarm of fire was turned in from box 14 at the corner of Washington and Main streets. The fre started in a little grocery store at No. 1347 Myrtle avenue, and was caused by the explosion of a coal oil lamp. The grocery was valued at \$500 and was insured for \$3.50, and the damage to the cottage will not exceed \$100.

The programme of the thirteenth annual race meeting of the Sixth District Agricultural Association was issued, yesterday. It contains twenty-five events, the purses for which range from \$200 up to \$1000, and will attract the attention of every horseman ic the State. The meeting has been set for one week commencing October 3 and ending October 8, so as nor to clash with those in other parts of the State, and entries for most of the events close on September 15 next.

The Fourth of July Committee had another enthusiastic meeting last night, when An ice cream freezer that will freeze ice

entries for most of the events close on September 15 next.

The Fourth of July Committee had another enthuslastic meeting last night, when the fact was developed that contributions were coming in so freely as to assure a most successful celebration. Elaborate preparations are being made for the pyrotechnic display, which will cellipse anything in that line ever before attempted in Los Angeles, and will cost between \$1200 and \$1500.

At 5 o'clock yesterday afternoon a young

At 5 o'clock yesterday afternoon a young boy named Jesus Ybarra was going up Cas-talar street, when a large dog jumped over a fence and attacked him. Before the dog was taken away he chewed the boy's arm up in a frightful manner. The boy was taken to the receiving hospital and Dr. Bryant dressed his wounds and sent him

A meeting of the Republican County Central Committee will be held in the Union League rooms this morning at 10 o'clock for the purpose of arranging for the primary election and convention, and to elect delegates to the State and Congressional conventions. A full attendance is desired. Last high Max Pachmeyer-called at the police station and reported that his wife was lost. He came up from the Needles on the 23d inst., and his wife and young baby followed him on the 27th. The wife and baby are certainly in the city, but the poor man has not been able to find them.

mashed a Young Democrat and Left the Country—Petty Offenders. Saturday night John Craig celebrated

the nomination of Cleveland by getting gloriously drunk. He is not a Democrat except on such occasions and when a young Hebrew, who imagines that the whole responsibility of the local De-mocracy rests on his shoulders, attempted to lecture Craig for making a noise when it was not his turn to howl

Craig gathered up a big rock and smashed the Hebrew over the head. The matter was reported to the po-lice, but a warrant could not be secured at that hour of the night, so the matter went over until Monday, when a war-rant was placed in Deputy Constable Johnston's hands charging Craig with an assault with a deadly weapon. Craig could not be found in the city and wasnot located until yesterday morning when Johnston learned that he is in Mentone, just below San Bernardino. The officer started for that place, but had not returned at a late hour last night.

Gonzalos in Jall.

Last night Marshal Gard returned from Mexico with Ricade Gonzalos in custody and lodged him in the County Jail. Gonzalos was captured by Gard and a Mexican officer in the city of Chihuahua, Mexico, last Monday. It will be remembered that Gonzalos escaped from the County Jail in this city on the night of the 1st of May last in company with another prisoner named Asevado.

named Asevado.

They walked as far as Mojave, and took the train for Williams, Ariz. where Asevado left Gonzalos and was captured a few weeks ago. After he was brought here he informed the officers that Gonzalos had gone to El Paso where he had friends, and Marshal Gard went down a few days ago and had no trouble in locating him.

A Bunco Man's Cont. Mrs. Maloney, mother of Mrs. Paige, who married Bailey, the sure-thing

who married Bailey, the sure-thing man, a few months ago, reported at the police station that her ranch house near East Los Angeles had been robbed. The other day an old man, who seemed to be in a starving condition, called at the house and Mrs. Maloney took him in and gave him a home. In a few days he disappeared, and Mrs. Maloney discovered that he had stolen a lot of stuff, including a fine overcoat left by Frank

including a fine overcoat left by Frank Phillips, one of Balley's chums. The matter is being investigated by

Criminal Notes John Nelson, the cld man who got on the warpath in a lodging house the

other night, was fined \$15 by Police Justice Owens yesterday. The hot water mule case was partly tried in Justice Owens's department of

the Police Court yesterday and was continued until today. The defendant, Julia Butler, swore that she simply threw cold water on the mule, while several witnesses for the posecution declared that they saw steam rising from the mule's back and when they examined the poor and when they examined the poor and the poor ined the poor animal they found the hair falling off.

John Reyes, who was arrested the other day for battering George H. Stoll on Regent street, was found guilty in Justice Austrice court restriction and

Justice Austin's court yesterday and fined \$15.

Peter Jansen was arrested evesterday on complaint of N. Hansen, who accuses the defendant of having battered him with his fists. The case will be heard by Justice Austin Saturday.

ALAMEDA STREET NUISANCE.

The Women Moving Out of the "Cribs' at a Rapid Rate.

The visits of the church people to the crib women on Alameda street is evidently having a beneficial effect on some of the fallen creatures. Yesterday quite a number of them gathered up their possessions and left for Denver and San Francisco. Others are getting ready to go, and it is believed by the Chinatown police squad that there will be but few left by next week.

be but few left by next week.

Those who cannot get out of the city will take rooms in the lodging-houses down town and then the police will have their hands full to keep them from soliciting on the streets.

The removal of the women from the cribs will be felt by the property-holders, who are among some of the most prominent citizens, for the women have been paying a rental of \$15 a week for little 42x15 rooms, and it wil, be impossible to rent the "cribs" for any other purpose.

No steps have been taken to reform

the inmates of the "parlor" houses, as places where from three to a dozen women live are called. These places are running at full blast, and it will b much harder to close them than the cribs. There are ten or twelve of them, and it is claimed they are supported principally by married men.

The Supervisors, At the meeting of the Board of Super visors yesterday Messrs. Perry and Forrester were appointed a committee to investigate and report relative to the proper material for the construction of the walks in the Courthouse grounds.

The board resolved to inspect the property proposed to be sold at the County Farm today.

The deed executed by Howard A. Mills for a ten foot strip of land for the Aliso arenne extenson was accepted and recorded.

W. S. Arnold was paid \$4000 on account of his contract for the stonework for the Courthouse grounds. Bids were received for the repairs necessary to the County Jail from the Llewellyn Bros., \$3550; and A. Swenson, \$2605, which upon motion of Supervisor Davis were taken under advisement.

Excitement on North Spring Street.
Quite an excitement was created at No.
112 North Spring street yesterday about
4 o'clock, pm. by a deputy officer of some
kind trying to prevent the occupants of the
above number unloading from their delivery
wagon alot of empty ice cream cans and
tubs. A matter that is really necessary in
their business is the privilege of unloading
and carrying through from the front, as
they have no rear entrance. In this instance
there was a wagon-boad of empty, ranging
from one-half-gallon to five-gallon packages;
resulting from the large business done by
this concern, whoosupply largely the best
people of Los Angeles and the surrounding
country with their superior ice creams and
water ices. None like it in town.

water ices. None like it in town.
